ADDITIONAL INFORMATION

ROC Taxation

The following is a summary of certain ROC taxation consequences with respect to the holders of the Notes, and is prepared based on current ROC laws and regulations. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Notes.

Interests on the Notes

As the Issuer of the Notes is not an ROC statutory tax withholding, there is no ROC withholding tax on the interests or deemed interests to be paid on the Notes.

ROC corporate holders must include the interests or deemed interests receivable under the Notes as part of their taxable income and pay income tax at a flat rate of 20 percent (unless the total taxable income for a fiscal year is under \$500,000 New Taiwan Dollars), as they are subject to income tax on their worldwide income on an accrual basis. The alternative minimum tax ("AMT") is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds is subject to 0.1 per cent. securities transaction tax ("STT") on the transaction price. However, Article 2-1 of the Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Notes will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from ROC income tax. Accordingly, ROC corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. However, ROC corporate holders should include the capital gains from the sale of the Notes in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the ordinary income tax calculated pursuant to the Income Basic Tax Act (also known as the AMT Act), the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by ROC corporate holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.

Non-ROC corporate holders with a fixed place of business (e.g., a branch) or a business agent in the ROC are not subject to income tax on any capital gains generated from the sale of the Notes. However, their fixed place of business or business agent should include any such capital gains in calculating their basic income for the purpose of calculating AMT.

As to non-ROC corporate holders without a fixed place of business and a business agent in the ROC, they are not subject to income tax or AMT on any capital gains generated from the sale of the Notes.

ROC Settlement and Trading

Initial subscription of the Notes by investors will be settled directly through Euroclear or Clearstream, Luxembourg. In order to purchase the Notes, an investor may use an account with Euroclear or Clearstream, Luxembourg and settle the Notes through such account with Euroclear or Clearstream, Luxembourg. For any ROC investor having its own account with Euroclear or Clearstream, Luxembourg, the distributions of principal and/or interest for the Notes to such holders will be made to its own account with Euroclear or Clearstream, Luxembourg.

Investors having a securities book-entry account with an ROC securities broker and a foreign currency deposit account with an ROC bank, may request the approval of the Taiwan Depository & Clearing Corporation ("**TDCC**") to the settlement of the Notes through the account of TDCC with Euroclear or Clearstream, Luxembourg if such approval is granted by the TDCC, the Notes may be so cleared and settled. Under such circumstances, TDCC will allocate the respective book-entry interest of such investor in the Notes to the securities book-entry account designated by such investor in the ROC. The Notes will be traded and settled pursuant to the applicable rules and operating procedures of TDCC and the TPEX as domestic bonds. Additionally, such investor may apply to TDCC (by filing in a prescribed form) to transfer the Notes in its own account with Euroclear or Clearstream, Luxembourg to such TDCC account with Euroclear or Clearstream, Luxembourg for trading in the domestic market or vice versa for trading in overseas markets.

For the investors who hold their interest in the Notes through an account opened and held by TDCC with Euroclear or Clearstream, Luxembourg, distributions of principal and/or interest for the Notes to such holders may be made by payment services banks whose systems are connected to TDCC to the foreign currency deposit accounts of the holders. Such payment is expected to be made on the second Taiwanese business day following TDCC's receipt of such payment (due to time difference, the payment is expected to be received by TDCC one Taiwanese business day after the distribution date). However, when the holders will actually receive such distributions may vary depending upon the daily operations of the ROC banks with which the holder has the foreign currency deposit account.

U.S.\$50,000,000,000

Medium Term Note Programme

Under the U.S.\$50,000,000,000 Medium Term Note Programme described in this Base Prospectus (the "Programme"), Mitsubishi UFJ Financial Group, Inc. ("MUFG" or the "Company") and The Bank of Tokyo-Mitsubishi UFJ, Ltd. ("BTMU" or the "Bank", and together with MUFG, the "Issuers" and each an "Issuer"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the "Notes") denominated in any currency (including Euro) agreed between the Issuer of such Notes (the "relevant Issuer") and the relevant Dealer (as defined below). As more fully described herein, Notes issued under the Programme may be unsubordinated Notes (the "Unsubordinated Notes") or, in the case of certain notes issued by MUFG, subordinated Notes (the "Subordinated Notes").

The Unsubordinated Notes of MUFG are intended to qualify as total loss-absorbing capacity ("TLAC") debt upon the implementation of applicable TLAC regulations in Japan. The Unsubordinated Notes of each Issuer will be the relevant Issuer's senior unsecured obligations and will rank equally in right of payment with all of the existing and future unsecured and unsubordinated debt of the relevant Issuer (except for statutorily preferred exceptions), and will be senior to all of the existing and future unsecured and subordinated debt of the relevant Issuer, and will be effectively subordinated to any secured indebtedness the relevant Issuer incurs, to the extent of the value of the assets securing the same. For the Unsubordinated Notes of MUFG, see "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to Notes issued by MUFG — Structural Subordination of Notes issued by MUFG", other risk factors set out in "Risk Factors", and the Conditions (as defined below) relating to the Unsubordinated Notes of MUFG.

The Subordinated Notes of MUFG will be MUFG's subordinated obligations and will rank equally in right of payment with all of the existing and future unsecured, unconditional and dated subordinated debt of MUFG, and senior to all of the existing and future unsecured, conditional and undated subordinated debt of MUFG (including the existing and future perpetual subordinated debt and obligations of MUFG). Upon the occurrence of a Subordination Event (as defined in Condition 2(a) (*Interpretation — Definitions*)), the rights and claims in respect of the Subordinated Notes shall be subordinated in right of payment to all Senior Indebtedness (as defined in Condition 2(a) (*Interpretation — Definitions*)). Further, the Subordinated Notes are subject to Non-Viability Write-Down (as defined in Condition 18(b) (*Non-Viability Write-Down — Effect of Non-Viability Event and Non-Viability Write-Down*)) and so, upon the occurrence of a Non-Viability Event (as defined in Condition 2(a) (*Interpretation — Definitions*)), no amount under the Subordinated Notes shall thereafter become due, the full principal amount of each Subordinated Note will be written down to zero and the Subordinated Notes will be cancelled. Such write-down would result in the holders of Subordinated Notes losing the entire principal amount of the Subordinated Notes. See Condition 18 (*Non-Viability Write-Down*).

This base prospectus (the "Base Prospectus") has been approved as a prospectus issued in compliance with Part 2 of the rules and regulations of the Luxembourg Stock Exchange (the "Luxembourg Rules and Regulations") by the Luxembourg Stock Exchange in its capacity as competent authority under Part IV of the Luxembourg law of 10 July 2005 on prospectuses for securities, as amended (the "Prospectus Law") for the purposes of giving information with regard to the issue of Notes under this Programme. Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme for the period of 12 months from the date of this Base Prospectus to be admitted to listing on the official list of the Luxembourg Stock Exchange (the "Official List") and for such Notes to be admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange (the "Euro MTF Market"). References in this Base Prospectus to Notes being "listed" on the Luxembourg Stock Exchange (and all related references) shall mean that such Notes have been admitted to listing on the Official List and have been admitted to trading on the Euro MTF Market. The Euro MTF Market is not a regulated market for the purposes of the Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments. In relation to Notes listed on the Luxembourg Stock Exchange, this Base Prospectus is valid for a period of one year from the date hereof. However, unlisted Notes may be issued pursuant to the Programme. The relevant Final Terms (as defined below) in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Luxembourg Stock Exchange (or any other stock exchange).

The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed U.S.\$50,000,000,000 (or its equivalent in other currencies calculated as described herein) at the date of issuance of any Tranche (as defined on page 11) of Notes. A description of the restrictions applicable at the date of this Base Prospectus relating to the maturity of certain Notes is set out on page 12.

The Notes will be issued on a continuing basis to one or more of the Dealers specified on the inside back cover of this Base Prospectus and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an on-going basis (each a "Dealer" and together the "Dealers"). The Dealer or Dealers with whom the relevant Issuer agrees or proposes to agree on the issue of any Notes is or are referred to as the "relevant Dealer" in respect of those Notes.

Notes may be issued either in bearer form ("Bearer Notes") or in registered form ("Registered Notes"). Each Tranche of Notes will be issued on the terms set out herein under "Terms and Conditions of the Notes" (the "Conditions") as supplemented by a document specific to such Tranche called final terms (the "Final Terms").

Each Tranche of Bearer Notes will initially be represented by a temporary global note (each, a "Temporary Global Note") or a permanent global note (each, a "Permanent Global Note"). Each Temporary Global Note will be exchangeable on or after the date 40 days after the later of the completion of the distribution of the relevant Tranche of Notes and the relevant issue date upon certification of non-U.S. beneficial ownership for interests in a Permanent Global Note or definitive Notes in bearer form (the "Definitive Notes") as specified in the relevant Final Terms. Each Permanent Global Note will be exchangeable in certain limited circumstances in whole, but not in part, for Definitive Notes. Each Temporary Global Note and Permanent Global Note is expected to be deposited when issued with a common depository (the "Common Depository") or a common safekeeper (the "Common Safekeeper") on behalf of Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg"). See "Summary of Provisions relating to the Notes while in Global Form".

The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States, and Bearer Notes are subject to U.S. tax law requirements. The Notes may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("Regulation S")) except in certain transactions exempt from the registration requirements of the Securities Act. Each Tranche of Registered Notes sold outside the United States in reliance on Regulation S, will be evidenced by a global registered note, without interest coupons (each a "Global Note Certificate") registered in the name of (or in the name of a nominee for), and deposited with, a Common Depository or a Common Safekeeper on behalf of Euroclear and Clearstream, Luxembourg. Registered Notes in definitive form will be issued in exchange for interests in the Global Note Certificates in certain limited circumstances as set out under "Summary of Provisions relating to the Notes while in Global Form".

Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, the ratings will be specified in the Final Terms. Such rating will not necessarily be the same as ratings assigned to the Programme. In relation to the Programme, the following ratings have been assigned to the Notes: (i) in respect of the Unsubordinated Notes issued by MUFG, a provisional rating of (P)A1 by Moody's Japan K.K. ("Moody's") and a rating of A+ by Rating & Investment Information, Inc. ("R&I"), (ii) in respect of the Unsubordinated Notes issued by BTMU, a provisional rating of (P)A1 by Moody's and a rating of AA- by R&I, and (iii) in respect of the Subordinated Notes issued by MUFG, a provisional rating of (P)A2 by Moody's Japan and a rating of A+ by R&I.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Investors contemplating whether to purchase such Notes should refer to and consider carefully the risk factors described under the section headed "Risk Factors" in this Base Prospectus.

Each of the Arranger and Dealers accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. The Arranger and the Dealers have not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Arranger and the Dealers as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by any of the Issuers. The Arranger and the Dealers do not accept any liability in relation to the information contained in this Base Prospectus or any other information provided by any of the Issuers in connection with the Programme.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme and, if given or made, such information must not be relied upon as having been authorised by each Issuer, the Arranger or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by any of the Issuers, the Arranger or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and the suitability of the purchase of such Notes. Neither this Base Prospectus nor any other information supplied in connection with the Programme constitutes an offer or invitation by or on behalf of any of the Issuers or the Arranger or any of the Dealers to any person to subscribe for or to purchase any Notes.

On the cover page of this Base Prospectus, under the headings "Arranger" and "Dealers", the references to "MUFG" are to MUFG Securities EMEA plc. Elsewhere in this Base Prospectus, references to "MUFG" are to Mitsubishi UFJ Financial Group, Inc.

The delivery of this Base Prospectus does not at any time imply that the information contained herein concerning any of the Issuers is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger and the Dealers expressly do not undertake to review the financial condition or affairs of any of the Issuers during the life of the Programme. Investors should review, inter alia, the most recent consolidated financial statements, if any, of the relevant Issuer when deciding whether or not to purchase any Notes.

The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area, the United Kingdom and Japan (see "Subscription and Sale").

IMPORTANT – EEA RETAIL INVESTORS: If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC ("IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) (the "Financial Instruments and Exchange Act") and are subject to the Special Taxation Measures Act of Japan (Act No. 26 of 1957) (as amended) (the "Special Taxation Measures Act"). The Notes may not be offered or sold in Japan or to, or for the benefit of, any resident of Japan (which term as used in this sentence means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for reoffering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and governmental guidelines of Japan. The Notes are not, as part of the distribution by the Dealers at any time, to be directly or indirectly offered or sold to, or for the benefit of, any person other than a beneficial owner that is, (i) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation, nor (y) an individual non-resident of Japan or a non-Japanese corporation that in either case is a person having a special relationship with the Issuer of the relevant Notes as described in Article 6, Paragraph 4 of the Special Taxation Measures Act (a "Specially-Related Person of the Issuer") or (ii) a Japanese financial institution, designated in Article 6, Paragraph 9 of the Special Taxation Measures Act, except as specifically permitted under the Special Taxation Measures Act. **BY SUBSCRIBING THE NOTES, AN INVESTOR WILL BE DEEMED TO HAVE REPRESENTED THAT IT IS A PERSON WHO FALLS INTO THE CATEGORY OF (I) OR (II) ABOVE.** See "Subscription and Sale".

Interest payments on the Notes generally will be subject to Japanese withholding tax unless it is established that such Notes are held by or for the account of a beneficial owner that is (i) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation, nor (y) an individual non-resident of Japan or a non-Japanese corporation that in either case is a Specially-Related Person of the Issuer, (ii) a Japanese designated financial institution described in Article 6, Paragraph 9 of the Special Taxation Measures Act which complies with the requirement for tax exemption under that paragraph or (iii) a Japanese public corporation, financial institution or financial instruments business operator described in Article 3-3, Paragraph 6 of the Special Taxation Measures Act which complies with the requirement for tax exemption under that paragraph.

Interest payments on the Notes to an individual resident of Japan, to a Japanese corporation not described in the preceding paragraph, or to an individual non-resident of Japan or a non-Japanese corporation that in either case is a Specially-Related Person of the Issuer will be subject to deduction in respect of Japanese income tax at a current rate of 15.315 per cent. of the amount of such interest.

Neither of the Issuers intends to issue Taxable Linked Notes under the Programme. "Taxable Linked Notes" means those Notes of which the amount of interest is to be calculated by reference to certain indexes (as prescribed by the Cabinet Order (Cabinet Order No. 43 of 1957, as amended) (the "Cabinet Order") under Article 6, Paragraph 4 of the Special Taxation Measures Act) relating to the relevant Issuer or a Specially-Related Person of the relevant Issuer, such indexes including the amount of profits or gross revenues relating to the business of, the fair market value of assets owned by, or the amount of dividends or other distributions paid by, the relevant Issuer or a Specially-Related Person of the relevant Issuer. If Taxable Linked Notes are issued, notwithstanding the preceding two paragraphs, interest on the Taxable Linked Notes will be subject to the 15.315 per cent. withholding tax even if paid to an individual non-resident of Japan or a non-Japanese corporation that is not a Specially-Related Person of the relevant Issuer.

All references in this Base Prospectus to "USD", "U.S. dollars", "U.S.\$", "\$" and "U.S. cents" refer to the currency of the United States of America, those to "Japanese yen", "Yen", "JPY" and "¥," refer to the currency of Japan, those to "Swiss francs" refer to the currency of Switzerland, those to "Sterling", "GBP" and "£" refer to the currency of the United Kingdom, those to "Renminbi", "CNY" and "RMB" refer to the currency of the People's Republic of China (excluding the Hong Kong Special Administrative Region, the Macau Special Administrative Region and Taiwan, the "PRC"), and those to "Euro" and "EUR" refer to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the Euro, as amended.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the stabilising manager(s) (the "Stabilising Manager(s)") (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment will be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

FORWARD-LOOKING STATEMENTS

The Base Prospectus and the documents incorporated by reference herein include "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. All statements other than statements of historical facts included in this Base Prospectus and the documents incorporated herein, including, without limitation, those regarding each Issuer's financial position, business strategy, plans and objectives of management for future operations, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of each Issuer, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding each Issuer's present and future business strategies and the environment in which each Issuer will operate in the future. The important factors that could cause each Issuer's actual results, performance or achievements to differ materially from those in the forward-looking statements include, but are not limited to, those discussed under "Risk Factors" or documents incorporated by reference in this Base Prospectus. These forward-looking statements speak only as of the respective dates of this Base Prospectus and the documents incorporated herein. Each Issuer expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein or in any documents incorporated by reference herein to reflect any change in any Issuer's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

NOTICES TO INVESTORS

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in, or incorporated by reference in, this Base Prospectus or any applicable supplement;

-
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;
 - (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
 - (d) understand thoroughly the terms of the Notes, in particular, (i) the structurally subordinated nature of the Subordinated Notes issued by MUFG, (ii) in the case of Unsubordinated Notes issued by MUFG, the loss absorption mechanism applicable thereto in the case of MUFG becoming subject to orderly resolution measures, (iii) in the case of Subordinated Notes issued by MUFG, the provisions governing a Non-Viability Write-Down (as defined in Condition 18(b) (*Non-Viability Write Down — Effect of Non-Viability Event and Non-Viability Write-Down*)), including the circumstances under which a Non-Viability Event may occur, and be familiar with the behaviour of any relevant indices and financial markets; and
 - (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact such investment will have on the potential investor's overall investment portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

SUPPLEMENTARY BASE PROSPECTUS

Each Issuer has given an undertaking to the Dealers that, in the event that a significant new factor, material mistake or inaccuracy relating to the information included in this Base Prospectus arises or is noted which is capable of affecting the assessment by investors of any Notes which may be issued by it under the Programme, the Issuer shall publish a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer such number of copies of such supplement hereto or new Base Prospectus as such Dealer may reasonably request. Any such supplement to this Base Prospectus or a new Base Prospectus will be approved by the Luxembourg Stock Exchange and published on its website under *www.bourse.lu*.

FINAL TERMS

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained in the relevant Final Terms.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement this Base Prospectus and must be read in conjunction with this Base Prospectus and the Conditions described in this Base Prospectus as supplemented to the extent described in the relevant Final Terms.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, MUFG may from time-to-time issue Unsubordinated Notes and Subordinated Notes, and BTMU may from time-to-time issue Unsubordinated Notes. Notes may be denominated in any currency (including Euro), subject as set out herein. The applicable terms of any Notes will be agreed between the relevant Issuer and the relevant Dealer prior to the issue of the Notes and will be set out in the Conditions of the Notes endorsed on, or incorporated by reference into, the Notes, as completed by the applicable Final Terms attached to, or endorsed on, such Notes.

This Base Prospectus and any supplement will only be valid for listing of Notes on the Euro MTF Market and/or any other exchange in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed U.S.\$50,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate amount of Notes issued under the Programme from time-to-time: (a) the U.S. dollar equivalent of Notes denominated in another Specified Currency (as defined under "*Terms and Conditions of the Notes*" on page 35) shall be determined, at the discretion of the relevant Issuer, as of the date of agreement to issue such Notes (the "Agreement Date") or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the U.S. dollar against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading bank selected by the relevant Issuer on such date; and (b) the amount (or, where applicable, the U.S. dollar equivalent) of Notes issued at a discount or a premium shall be calculated (in the case of Notes not denominated in U.S. dollars, in the manner specified above) by reference to the net proceeds received by the relevant Issuer for the relevant issue.

Fixed Rate Notes: Fixed interest will be payable on such date or dates as may be agreed between the relevant Issuer and the relevant Dealer (as indicated in the applicable Final Terms).

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the basis of a rate determined by reference to the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended, supplemented or updated as at the Issue Date of the first Tranche of the Notes of the relevant Series);
- (ii) on the basis of a reference rate (such as LIBOR) appearing on the agreed screen page of a commercial quotation service; or
- (iii) on such other basis as may be agreed between the relevant Issuer and the relevant Dealer (as indicated in the applicable Final Terms).

Interest periods will be specified in the relevant Final Terms.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

CMS Rate Notes (BTMU only): CMS Rate Notes issued by BTMU will bear interest at a rate determined by reference to a specified swap rate appearing on the agreed screen page of a commercial quotation service or on such other basis as may be agreed between BTMU and the relevant Dealer (as indicated in the applicable Final Terms). The amount of interest payable in respect of CMS Rate Notes shall be calculated by reference to the CMS Rate by applying one of the formulae set out in the Terms and Conditions of the Notes and specified in the applicable Final Terms. CMS Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

Zero Coupon Notes (BTMU only): Zero Coupon Notes issued by BTMU will be offered and sold at a discount to their nominal amount or at par and will not bear interest other than in the case of late payment.

Redemption: The Final Terms relating to each Tranche of Notes will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than for taxation reasons, regulatory reasons or following an Event of Default), or that such Notes will (in the case of Notes issued by MUFG, subject to prior confirmation of the Financial Services Agency of Japan or its successor regulatory authority (the "FSA") (if such confirmation is required under Japanese banking laws and regulations then in effect)) be redeemable at the option of the relevant Issuer upon giving not less than 14 nor more than 45 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Final Terms, or that such Notes will (in the case of Notes issued by BTMU) be redeemable at the option of the Noteholders upon giving not less than 30 nor more than 60 days' (or such other period of notice as is specified in the applicable Final Terms) irrevocable notice to BTMU, all subject to any applicable laws, guidelines or regulations. The Notes may (in the case of Notes issued by MUFG, subject to prior confirmation of the FSA (if such confirmation is required under Japanese banking laws and regulations then in effect)) be redeemed at any time

(in the case of Notes other than Floating Rate Notes or CMS Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes or CMS Rate Notes) in whole at par plus accrued and unpaid interest (or such other amount as may be indicated in the relevant Final Terms) if: (a) the relevant Issuer would be required by law to make any withholding or deduction from any payment in respect of the Notes on account of Japanese taxation; or (b) in the case of Subordinated Notes issued by MUFG, MUFG has determined after consultation with the FSA that there is more than an insubstantial risk that the Subordinated Notes may not be included in the Issuer's Tier II capital under applicable standards set forth in the applicable banking regulations, each as provided in and subject to Condition 11 (*Redemption and Repurchases*). See Condition 11 (*Redemption and Repurchases*) for further details.

Denomination of Notes: Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer and as indicated in the applicable Final Terms.

Notes to be listed on the Official List and admitted to trading on the Euro MTF Market must have a minimum denomination of EUR100,000 (or its equivalent in any other currency).

Notes issued under this Programme must not carry the right to acquire shares (or transferable securities equivalent to shares) issued by the relevant Issuer or by any entity to whose group the relevant Issuer belongs.

Subject to the above, Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Taxation: All payments in respect of the Notes will be made without withholding or deduction for or on account of taxes imposed in Japan, subject to certain exceptions as provided in Condition 15 (*Taxation*).

Events of Default: The Unsubordinated Notes will contain certain provisions regarding Events of Default as set out in Condition 16 (*Events of Default*).

Cross Default (BTMU only): Notes issued by BTMU will contain a cross default in respect of any amount in excess of U.S.\$10,000,000 with respect to the indebtedness for external borrowings in the form of bonds, debentures or notes of BTMU or any majority-owned subsidiary of BTMU. See Condition 16 (*Events of Default*) for further details.

Limited Rights of Acceleration (MUFG only): The Subordinated Notes will contain certain provisions regarding limited rights of acceleration upon the occurrence and continuation of Acceleration Events, as set out in Condition 17 (*Acceleration Events; Limited Rights of Acceleration*).

Status of the Notes: Notes may be Unsubordinated Notes or, in the case of MUFG, Subordinated Notes, as specified in the applicable Final Terms.

Status of the Unsubordinated Notes: Unsubordinated Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the relevant Issuer and rank equally in right of payment with all of the existing and future unsecured and unsubordinated debt of the relevant Issuer (except for statutorily preferred exceptions), and senior to all of the existing and future unsecured and subordinated debt of the relevant Issuer.

The Unsubordinated Notes are effectively subordinated to any secured indebtedness incurred by the relevant Issuer to the extent of the value of the assets securing the same and, in the case of Unsubordinated Notes of MUFG, expected to be subject to potential losses in the event of MUFG's liquidation following the application of the orderly resolution powers under the Deposit Insurance Act of Japan (the "Deposit Insurance Act"). See "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Unsubordinated Notes issued by MUFG — Unsubordinated Notes issued by MUFG may become subject to loss absorption if MUFG becomes subject to

orderly resolution measures".

Limitations of Certain Rights (MUFG only):

(a) *Limitations of Enforcement and Other Rights*

The Unsubordinated Notes issued by MUFG will contain provisions that each Noteholder and the Trustee will be deemed to have acknowledged, accepted, consented and agreed, whether or not notice of such event shall have been given by MUFG:

- (i) that, for a period of 30 days from the time the Prime Minister of Japan (the "Prime Minister") confirms (*nintei*) that any measures (*tokutei dai nigo sochi*) set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (or any successor provision thereto) need to be applied to MUFG, the ability of Noteholders and the Trustee to enforce the rights under the Trust Deed and the Notes shall be subject to the limitations on the right to obtain attachment against MUFG's assets set forth in Article 126-16 of the Deposit Insurance Act (or any successor provision thereto); and
- (ii) that neither the Trust Deed nor the Notes shall limit any sales, assignments, transfers or conveyances of business made with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), including any such sales, assignments, transfers or conveyances made pursuant to the authority of the DIC to represent and manage and dispose of MUFG's assets under Article 126-5 of the Deposit Insurance Act (or any successor provision thereto) with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), and that any such sales, assignments, transfers or conveyances shall not constitute an Event of Default or a breach of the Conditions.

(b) *Limited Rights of Set-off*

The Unsubordinated Notes issued by MUFG will contain provisions that each Noteholder will agree, by the acceptance of any interest in a Note, that, if:

- (i) MUFG shall institute proceedings seeking adjudication of its bankruptcy or seeking reorganisation under the Bankruptcy Law, the Civil Rehabilitation Law, the Corporate Reorganisation Law, the Company Law or any other similar applicable law of Japan, and so long as such proceedings shall have continued, or a decree or order by any court having jurisdiction shall have been issued adjudging MUFG bankrupt or insolvent or approving a petition seeking reorganisation under any such laws, and as long as such decree or order shall have continued undischarged or unstayed; or
- (ii) MUFG's liabilities exceed, or may exceed, its assets, or MUFG suspends, or may suspend, repayment of its obligations,

the holders of the Notes shall not be entitled to exercise any right to set off any of MUFG's liabilities under such Notes against any liabilities of the relevant Holder owed to MUFG.

Status of the Subordinated Notes (MUFG only):

Subordinated Notes constitute direct, unconditional, subordinated and unsecured obligations of MUFG and rank equally in right of payment with all of the existing and future unsecured, unconditional and dated subordinated debt of MUFG, and senior to all of the existing and future unsecured, conditional and undated subordinated debt of MUFG (including the existing and future perpetual subordinated debt and obligations of MUFG) and all classes of shares (including preferred shares (if any)) of MUFG,

subject to a Non-Viability Write-Down (as defined in Condition 2(a) (*Interpretation — Definitions*)), as provided under Condition 18(b) (*Non-Viability Write Down — Effect of Non-Viability Event and Non-Viability Write-Down*).

The rights of the holders of Subordinated Notes and Coupons relating thereto will be subordinated in right of payment to all Senior Indebtedness (as defined in Condition 2(a) (*Interpretation — Definitions*)) upon the occurrence of a Subordination Event (as defined in Condition 2(a) (*Interpretation — Definitions*)) and, if a Subordination Event has occurred on or prior to any date on which payment under the Notes becomes due, and so long as any such Subordination Event shall continue (and in the case of a Civil Rehabilitation Event, so long as neither a Summary Rehabilitation Order nor a Consent Rehabilitation Order shall have been issued), any amounts (other than any amounts which shall have become due and payable before such Subordination Event shall have occurred and remain unpaid) due under the Subordinated Notes, including any amount due under Condition 27 (*Currency Indemnity*), will become payable only upon payment of any and all Senior Indebtedness in full as set out in Condition 4(b) (*Status — Status of the Subordinated Notes*). See "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Subordinated Notes — Subordination of the Notes could impair Noteholders' ability to receive payment".

Non-viability Write-Down (MUFG only):

Notwithstanding anything to the contrary contained in these Conditions or the Trust Deed, upon the occurrence of a Non-Viability Event, no amounts (including an amount due under Condition 27 (*Currency Indemnity*)) under the Subordinated Notes, other than with respect to principal, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*), that have become due and payable prior to the occurrence of the Non-Viability Event (as identified in paragraph (ii) of this Condition 18(b) (*Non-Viability Write-Down — Effect of Non-Viability Event and Non-Viability Write-Down*) below), shall thereafter become due, and MUFG's obligations with respect to, and any claims for, the payment of any such amounts, except for payments of principal, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*) that have become due and payable prior to the occurrence of the Non-Viability Event, will be suspended from the occurrence of the Non-Viability Event until the Write-Down Date.

On the Write-Down Date:

- (a) the full principal amount, any Additional Amounts, interest and any other amount under each Subordinated Note shall be permanently written down to zero, MUFG shall be discharged and released from any and all of its obligations to pay the full principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes, and the Subordinated Notes shall be cancelled and all references to the principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes shall be construed accordingly, in each case other than principal amount, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*) that have become due and payable prior to the occurrence of the Non-Viability Event;
- (b) MUFG's obligations shall remain with respect to (A) any accrued and unpaid interest on or principal of the Subordinated Notes and (B) any Additional Amounts and any other amount due under Condition 27 (*Currency Indemnity*), in the case of each of subparagraphs (A) and (B) of this paragraph (b), if and only to the extent that such interest or Additional Amount or principal or other amount, as applicable, became due and payable to the Holders of such Subordinated Notes prior to the occurrence of the Non-Viability Event; and
- (c) the Holders of Subordinated Notes shall be deemed to have irrevocably waived their right to claim or receive, and no longer have any rights against

MUFG with respect to, payment of principal, any Additional Amounts, interest and any other amount under the Subordinated Notes, except as described in paragraph (b) above.

See "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Subordinated Notes — Holders of Subordinated Notes may lose the entire value of their investment upon a Non-Viability Event".

As soon as practicable following the occurrence of a Non-Viability Event, MUFG shall give a Non-Viability Write-Down Notice to the Holders of the Subordinated Notes. Any failure or delay by MUFG to provide a Non-Viability Write-Down Notice shall not change or delay the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes.

Following the receipt of a Non-Viability Write-Down Notice, Euroclear and/or Clearstream, Luxembourg are expected to suspend all clearance and settlement of the Subordinated Notes through each of them, and after such suspension, to mark-down all positions relating to the Subordinated Notes on its records to reflect the Non-Viability Write-Down. However, the records of Euroclear and Clearstream, Luxembourg (or any other relevant clearing system) and/or any custodian through which an investor may be holding the Subordinated Notes may not be updated, or there may be a delay in updating such records, for the Non-Viability Event, or Euroclear and Clearstream, Luxembourg (or any other relevant clearing system) and/or any custodian through which an investor may be holding the Subordinated Notes may not suspend, or may delay in suspending, all such clearance and settlement of the Subordinated Notes. All clearance and settlement of the Subordinated Notes, whether prior to the occurrence of the Non-Viability Event or thereafter, through any of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) and any custodian through which an investor may be holding the Subordinated Notes will be subject to procedures of each of them that are in place at such time. Notwithstanding the foregoing, the holders of the Subordinated Notes will not have any rights against MUFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event, the Non-Viability Write-Down shall take place on the Write-Down Date, and the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes shall not be changed or delayed. See "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Subordinated Notes — Uncertainties around settlement of Subordinated Notes following a Non-Viability Write-Down Notice being given" and "Book-Entry Clearance Procedures — Write-Down".

RISK FACTORS

Each of the Issuers believes that the following factors may affect its ability to fulfil its obligations under Notes issued by it under the Programme. All of these factors are contingencies which may or may not occur and neither of the Issuers is in a position to express a view on the likelihood of any such contingency occurring.

Factors which each of the Issuers believes may be material for the purpose of assessing the risks associated with Notes issued by it under the Programme are also described below.

Each of the Issuers believes that the factors described below represent the principal risks inherent in investing in Notes issued by it under the Programme, but either of the Issuers may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuers do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and any documents incorporated herein and reach their own views prior to making any investment decision.

Factors that may affect each Issuer's ability to fulfil its obligations under Notes issued under the Programme

Prospective investors should consider the section entitled "Risk Factors" provided in the 2017 Form 20-F incorporated by reference herein. With respect to the risks described in the 2017 Form 20-F:

- "we" means generally MUFG and its consolidated subsidiaries or in some cases MUFG on a stand-alone basis;
- MUFG is a bank holding company conducting its businesses through its subsidiaries and affiliates, including BTMU and its subsidiaries and affiliates;
- there are some entities that are MUFG's subsidiaries and affiliates but not BTMU's subsidiaries and affiliates such as Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Securities Holdings Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd., and ACOM CO., LTD.;
- BTMU and its subsidiaries' assets and results of operations account for a substantial portion of those of MUFG, and as a result, MUFG's risks described therein would also be risks of BTMU, but there may be some information including financial information which are only relevant to MUFG but not to BTMU; and
- the subsections "Risks Related to Owning Our Shares" and "Risks Related to Owning Our American Depositary Shares" are disappplied for the purposes of this Base Prospectus.

Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme

Risks Related to Notes issued by MUFG

Structural subordination of Notes issued by MUFG

Noteholders' claims as holder of Notes issued by MUFG are structurally subordinated to the liabilities of MUFG's banking and other subsidiaries, including the subsidiaries' liabilities for Notes issued by BTMU, deposits, borrowed money, derivative transactions and trade payables. As a holder of Notes issued by MUFG, Noteholders will only be entitled to assert a claim as a creditor of MUFG and to be paid out of MUFG's assets. If any subsidiary of MUFG becomes subject to insolvency or liquidation proceedings, holders of Notes issued by MUFG will have no right to proceed against the subsidiary's assets.

MUFG is a holding company that currently has no significant assets other than its investments in, or loans to, its subsidiaries, and MUFG's ability to service its debt obligations, including its obligations under its Notes, depends on the dividends, loan payments and other funds MUFG receives from its subsidiaries and affiliates. MUFG may not be able to receive such funds from a subsidiary or affiliate due to adverse changes in its financial performance or material deterioration in its financial condition, restrictions imposed as a result of such deterioration by relevant laws and regulations, including general corporate law limitations as well as banking and other regulations, or any contractual obligations applicable to the subsidiary or affiliate. Furthermore, if a subsidiary becomes subject to insolvency or liquidation proceedings, MUFG's right to participate in the subsidiary's assets will be subject to the prior claims of the creditors and any preference shareholders of the subsidiary, including holders of the Notes issued by BTMU except where MUFG is a creditor or preference shareholder with claims that are recognised to be ranked

ahead of, or *pari passu* with, such claims. As a result, a holder of Notes issued by MUFG may not recover in full its investment in the Notes issued by MUFG even though other investors in or creditors of MUFG's subsidiaries including holders of the Notes issued by BTMU, may recover their investments in full.

MUFG has in the past made, and with the net proceeds from the sale of its Notes and other debt instruments, may make, loans to its subsidiaries that rank *pari passu* with their other unsecured senior creditors in insolvency or liquidation proceedings, in addition to other investments in its subsidiaries. However, MUFG may discharge, extinguish or restructure its loans to, and any other investments in, its subsidiaries at any time and for any purposes. For example, MUFG may take any of these actions to meet banking and other regulatory requirements, such as loss absorption requirements, including the internal TLAC requirements as set forth in the explanatory paper ("FSA's Approach") published by the FSA in April 2016, outlining its approach for the introduction of the TLAC framework in Japan. A restructuring of MUFG's loans to, or investments in, a subsidiary may include changes to any or all terms or features of such loans or investments, including their legal or regulatory form and how they would rank as a claim in the subsidiary's insolvency or liquidation proceedings. Any restructuring of MUFG's loans to, and investments in, its subsidiaries may be implemented by MUFG without prior notification to, or consent of, the holders of the Notes.

In addition, MUFG's loans to, or investments in capital instruments issued by, its subsidiaries to be made with the net proceeds from the sale of its Notes may contain contractual mechanisms that, upon the occurrence of a trigger event relating to prudential or financial condition or other events applicable to MUFG or its subsidiaries under regulatory requirements, will result in a write-down, write-off or conversion into equity of such loans or investments, or other changes in the legal or regulatory form or the ranking of the claims MUFG has against the subsidiaries. Any such changes could adversely affect MUFG's ability to obtain repayment of such loans and investments and to meet its obligations under its Notes as well as the value of its Notes.

No restrictions on future indebtedness of MUFG

The Conditions or the Trust Deed contains no restrictions on the amount of securities or other liabilities which MUFG may issue, incur or guarantee, including secured obligations and unsecured obligations ranking *pari passu* with the Notes. The Notes will be unsecured obligations of MUFG, and if there is a default under its secured indebtedness or other unsecured indebtedness, its assets may not be sufficient to pay amounts due on any of the Notes.

The Conditions or the Trust Deed also contains no restriction on MUFG's ability to pledge or dispose of its assets, make investments, or repurchase shares or pay dividends or make other payments in respect of its common stock or other securities, any of which could adversely affect MUFG's ability to pay its obligations under the Notes.

In addition, the Conditions or the Trust Deed contains no financial covenants, including those requiring MUFG to maintain any financial ratios or specific levels of net worth, revenues, income, cash flow or liquidity. Noteholders are generally not protected under the Conditions or the Trust Deed in a merger or other change of control event.

Risks Related to the Unsubordinated Notes issued by MUFG

Unsubordinated Notes issued by MUFG may become subject to loss absorption if MUFG becomes subject to orderly resolution measures

In November 2015, the Financial Stability Board (the "FSB"), issued the final TLAC standard for global systemically important banks ("G-SIBs"), including MUFG. The FSB's TLAC standard is designed to ensure that if a G-SIB fails, it has sufficient loss-absorbing and recapitalisation capacity available in resolution to implement an orderly resolution that minimises impacts on financial stability, ensures the continuity of critical functions, and avoids exposing public funds to loss. The FSB's TLAC standard defines a minimum requirement for the instruments and liabilities that should be readily available to absorb losses in resolution. In addition, in April 2016, the FSA published the FSA's Approach. See "Item 4. Information on the Company — B. Business Overview — Supervision and Regulation — *Japan — Total loss-absorbing capacity*" in the 2017 Form 20-F incorporated herein by reference. Although the FSB's TLAC standard remains subject to regulatory implementation in Japan and the FSA's Approach is subject to change based on future international discussion, the Unsubordinated Notes issued by MUFG are intended to qualify as external TLAC debt due in part to their structural subordination.

The Unsubordinated Notes issued by MUFG are expected to become subject to loss absorption if MUFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. The resolution framework for financial institutions under the current Japanese laws and regulations includes (i) measures applied to financial institutions that are solvent on a balance sheet basis, and (ii) orderly resolution measures for

financial institutions that have failed or are deemed likely to fail. The framework applies to banks and certain other financial institutions as well as financial holding companies, such as MUFG. It is uncertain which measure is to be taken in a given case, and orderly resolution measures may be applied without implementing any of the measures described in (i) above. Under a possible model of a resolution of Japanese G-SIBs based on the Single Point of Entry resolution strategy as described in the FSA's Approach, if the Prime Minister recognises that a financial institution's liabilities exceed, or are likely to exceed, its assets, or that it has suspended, or is likely to suspend, payments on its obligations, as a result of the financial institution's loans to, or other investment in, its subsidiaries becoming subject to loss absorption or otherwise, and further recognises that the failure of such financial institution is likely to cause a significant disruption to the Japanese financial market or system, the Prime Minister may, following deliberation by the Financial Crisis Response Council of Japan (the "Financial Crisis Response Council"), confirm (*nintei*) that measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act, generally referred to as "Specified Item 2 Measures" (*tokutei dai nigo sochi*), as then in effect, need to be applied to the financial institution for its orderly resolution. Any such confirmation by the Prime Minister also triggers the point of non-viability clauses of Additional Tier 1 and Tier 2 instruments issued by the financial institution, causing such instruments to be written off or, if applicable, converted into equity.

Under the current Japanese laws and regulations, upon the application of Specified Item 2 Measures, a financial institution will be placed under the special supervision by, or if the Prime Minister so orders, under the special control of, the Deposit Insurance Corporation of Japan (the "DIC"). In an orderly resolution, if the financial institution is placed under the special control, under Article 126-5 of the Deposit Insurance Act, the DIC would control the operation and management of the financial institution's business, assets and liabilities, including the potential transfer to a bridge financial institution established by the DIC as its subsidiary, or such other financial institution as the DIC may determine, of the financial institution's systemically important assets and liabilities, which MUFG expects in its case would include the shares of its subsidiary, BTMU, and other subsidiaries. The Prime Minister may prohibit creditors of the financial institution from attaching any of MUFG's assets and claims which are to be transferred to a bridge financial institution or another financial institution pursuant to Article 126-16 of the Deposit Insurance Act. In a similar manner, the Unsubordinated Notes issued by MUFG will limit the ability of holders of such Notes to obtain attachment against MUFG's assets set forth in Article 126-16 of the Deposit Insurance Act (or any successor provision thereto) for a period of 30 days from the time the Prime Minister confirms that Specified Item 2 Measures need to be applied to MUFG. The DIC would also control the repayment of liabilities of the financial institution, and, ultimately, facilitate the orderly resolution of the financial institution through court-administrated insolvency proceedings. The DIC has broad discretion in its application of these measures in accordance with the Deposit Insurance Act, Japanese insolvency laws and other relevant laws. See also "Item 4. Information on the Company — B. Business Overview — Supervision and Regulation — *Japan — Deposit insurance system and government measures for troubled financial institutions*", and "Item 4. Information on the Company — B. Business Overview — Supervision and Regulation — *Japan — Total loss-absorbing capacity*", each in the 2017 Form 20-F incorporated herein by reference.

Under the current Japanese laws and regulations, if MUFG becomes subject to Specified Item 2 Measures, the application of the Specified Item 2 Measures or other measures by, or any decision of, the Prime Minister, the DIC or a Japanese court may result in the rights of a holder of Unsubordinated Notes issued by MUFG or the value of a holder's investment in the Unsubordinated Notes issued by MUFG being adversely affected. Under the FSA's Approach, it is currently expected that the Unsubordinated Notes issued by MUFG will not be transferred to a bridge financial institution or other transferee in the orderly resolution process but will remain as MUFG's liabilities subject to court-administered insolvency proceedings. On the other hand, in an orderly resolution process, the shares of MUFG's subsidiaries may be transferred to a bridge financial institution or other transferee, and MUFG would only be entitled to receive consideration representing the fair values of such shares, which could be significantly less than the book values of such shares. With respect to such transfer, holders of the Unsubordinated Notes issued by MUFG will be deemed to have acknowledged, accepted, consented and agreed that the Notes and the Trust Deed will not limit any sales, assignments, transfers or conveyances of business made with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), including any such sales, assignments, transfers or conveyances made pursuant to the authority of the DIC to represent and manage and dispose of the assets of MUFG under Article 126-5 of the Deposit Insurance Act (or any successor provision thereto) with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto). Following such business transfer, the recoverable value of MUFG's residual assets in court-administered insolvency proceedings may not be sufficient to fully satisfy any payment obligations that MUFG may have under its liabilities, including the Unsubordinated Notes issued by MUFG. Moreover, the Unsubordinated Notes issued by MUFG will not be insured or guaranteed by the DIC or any other government agency or insurer. Accordingly, the holders of the Unsubordinated Notes issued by MUFG may lose all or a portion of their investments in the Unsubordinated Notes issued by MUFG in court-administered insolvency proceedings.

Japanese regulations relating to external TLAC have not yet been finalised

The application of orderly resolution under the Deposit Insurance Act is inherently unpredictable and depends on a number of factors that may be beyond MUFG's control. The commencement of the orderly resolution process depends on, among other things, a determination by the Prime Minister, following deliberation by the Financial Crisis Response Council, regarding MUFG's viability, or the viability of one or more of MUFG's subsidiaries, and the risk that their failures may cause a significant disruption to the financial market or systems in Japan. It is difficult to predict when, if at all, MUFG may become subject to an orderly resolution process. Accordingly, the market value of the Unsubordinated Notes issued by MUFG may not necessarily be evaluated in a manner similar to other types of bonds and notes issued by non-financial institutions or by financial institutions subject to different regulatory regimes. Any indication that MUFG is approaching circumstances that could result in MUFG becoming subject to an orderly resolution process could also have an adverse effect on the market price and liquidity of the Unsubordinated Notes issued by MUFG.

In addition, there has been no implementation of the orderly resolution measures under the Deposit Insurance Act to date. Such measures are untested and will be subject to interpretation and application by the relevant authorities in Japan. It is uncertain how and under what standards the relevant authorities would determine that MUFG's liabilities exceed, or are deemed likely to exceed, its assets, or that MUFG has suspended, or is deemed likely to suspend, payment on its obligations in determining whether to commence an orderly resolution process, and it is possible that particular circumstances which seem similar may lead to different results. In addition, the sequence and specific actions that will be taken in connection with orderly resolutions measures and their impact on any Unsubordinated Notes issued by MUFG are uncertain. It is also uncertain whether a sufficient amount of assets will ultimately be available to the holders of the Unsubordinated Notes issued by MUFG. MUFG's creditors, including the holders of the Unsubordinated Notes issued by MUFG, may encounter difficulty in challenging the application of orderly resolution measures to MUFG.

Although MUFG expects the Unsubordinated Notes issued by it to qualify as external TLAC due in part to their structural subordination, there is no assurance that the Unsubordinated Notes will qualify as such, and MUFG may have difficulty meeting the TLAC requirements and may become subject to adverse regulatory action. The FSB's TLAC standard requires each G-SIB to hold TLAC debt in an amount not less than 16 per cent. of its risk-weighted assets and six per cent. of the applicable Basel III leverage ratio denominator by 1 January 2019, and not less than 18 per cent. of its risk-weighted assets and 6.75 per cent. of the applicable Basel III leverage ratio denominator by 1 January 2022. The FSB's standard is subject to regulatory implementation in each jurisdiction, including Japan, and specific requirements as implemented in Japan may not be the same as the FSB's TLAC standard. Such specific requirements, when and as implemented in Japan, may require MUFG to modify the terms of any Tranche of Unsubordinated Notes to be issued by MUFG in the future, which in turn could adversely affect the values of any other Tranches of Unsubordinated Notes issued by MUFG which have been issued prior to the relevant time.

Risks Related to the Subordinated Notes (MUFG Only)

Holders of Subordinated Notes may lose the entire value of their investment upon a Non-Viability Event

If a Non-Viability Event (as defined in Condition 2(a) (*Interpretation — Definitions*)), and as described below) occurs, the Subordinated Notes will be subject to a Non-Viability Write-Down on the Write-Down Date (as defined in Condition 2(a) (*Interpretation — Definitions*)), which means that the full principal amount of the Subordinated Notes will be permanently written down to zero, the Subordinated Notes will be cancelled and the holders of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive any payments of principal, Additional Amounts (as defined in Condition 15 (*Taxation*)), interest and any other amount due under the Subordinated Notes, unless such payments have become due and payable prior to the occurrence of the Non-Viability Event.

A "Non-Viability Event" will be deemed to have occurred at the time that the Prime Minister confirms (*nintei*) that any measures (*tokutei dai nigo sochi*) set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (or any successor provision thereto) need to be applied to MUFG. Under a possible model of a resolution of Japanese G-SIBs based on the Single Point of Entry resolution strategy as described in the FSA's Approach, if the Prime Minister recognises that a financial institution's liabilities exceed, or are likely to exceed, its assets, or that it has suspended, or is likely to suspend, payments on its obligations, as a result of the financial institution's loans to, or other investment in, its subsidiaries becoming subject to loss absorption or otherwise, and further recognises that the failure of such financial institution is likely to cause a significant disruption to the Japanese financial market or system, the Prime Minister may, following deliberation by the Financial Crisis Response Council, confirm (*nintei*) that measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit

Insurance Act, generally referred to as "Specified Item 2 Measures" (*tokutei dai nigo sochi*), as then in effect, need to be applied to the financial institution for its orderly resolution. Any such confirmation by the Prime Minister triggers the point of non-viability clauses of Additional Tier 1 and Tier 2 instruments issued by the financial institution, including a Non-Viability Write-Down of the Subordinated Notes of MUFG, causing such instruments to be written off or, if applicable, converted into equity. See "Item 4. Information on the Company — B. Business Overview — Supervision and Regulation — Japan — Deposit insurance system and government measures for troubled financial institutions" in the 2017 Form 20-F incorporated by reference in this Base Prospectus.

Such Non-Viability Write-Down shall occur irrespective of whether MUFG has sufficient assets available to fulfil its obligations under, or settle the claims of holders of, the Subordinated Notes or other securities that rank *pari passu* with or junior to the Subordinated Notes, or whether such other securities remain outstanding after the occurrence of a Non-Viability Event.

Furthermore, except for claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of a Non-Viability Event, upon the occurrence of a Non-Viability Event, the holders of the Subordinated Notes will have no rights whatsoever under the Trust Deed or the Subordinated Notes to take any action or enforce any rights or to instruct the Trustee to take any action or enforce any rights whatsoever, may not exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to such holder by MUFG under, or in connection with, the Subordinated Notes, and will not be entitled to make any claim in any bankruptcy, insolvency, liquidation or other similar proceedings involving MUFG or have any ability to initiate or participate in any such proceedings or do so through a representative. See Condition 18(b) (*Non-Viability Write Down — Effect of Non-Viability Event and Non-Viability Write-Down*).

The circumstances surrounding or triggering a Non-Viability Event are unpredictable

The occurrence of a Non-Viability Event, and therefore a Non-Viability Write-Down, is inherently unpredictable and depends on a number of factors that may be beyond MUFG's control. The occurrence of a Non-Viability Event is dependent upon, among other things, a determination by the Prime Minister, following deliberation by the Financial Crisis Response Council, regarding MUFG's viability or the viability of one or more of MUFG's subsidiaries, and the potential of MUFG's failure to cause significant disruption in the financial markets or other financial systems in Japan. It is difficult to predict when, if at all, the Prime Minister may confirm Specified Item 2 Measures need to be applied to MUFG, which triggers the occurrence of a Non-Viability Event may occur. Accordingly, the market value of the Subordinated Notes may not necessarily be evaluated in a manner similar to other types of bonds and notes issued by non-financial institutions or by financial institutions subject to different regulatory regimes. Any indication that MUFG is approaching circumstances that could result in a Non-Viability Event occurring could also have an adverse effect on the market price and liquidity of the Subordinated Notes.

In addition, there has been no implementation of Specified Item 2 Measures under the Deposit Insurance Act to date. Such measures are untested and will be subject to interpretation and application by the relevant authorities in Japan. It is uncertain how and under what standards the relevant authorities would determine that MUFG's liabilities exceed, or are deemed likely to exceed, its assets, or that MUFG has suspended, or is deemed likely to suspend, payment on its obligations in determining whether to apply Specified Item 2 Measures, which determination would trigger a Non-Viability Event under the Subordinated Notes, and it is possible that particular circumstances which seem similar may lead to different results. In addition, MUFG's creditors, including the holders of the Subordinated Notes, may encounter difficulty in challenging the application of orderly resolution measures to MUFG.

Furthermore, future regulatory or legislative developments or other factors (including change in the official positions regarding application or interpretation of applicable laws and regulations) could lead to MUFG modifying the terms on any Tranche of the Subordinated Notes to be issued by MUFG in the future that have a write-down (or equity conversion) provision with procedures that differ from the Non-Viability Write-Down provision of any other tranche of Subordinated Notes which have been issued prior to the relevant time and that may be more favourable to holders of such Tranche to be issued in the future, which in turn could adversely affect the values of such other Tranches of Subordinated Notes.

Uncertainties around settlement of Subordinated Notes following a Non-Viability Write-Down Notice being given

Although, as soon as practicable after the occurrence of a Non-Viability Event, MUFG will give a Non-Viability Write-Down Notice to the Trustee and the holders of the Subordinated Notes or, while such Subordinated Notes are in global form, to holders of beneficial interests in the Subordinated Notes through Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system), and following the receipt of a Non-Viability Write-Down Notice, Euroclear and/or Clearstream, Luxembourg are expected to suspend all clearance and settlement

of the Subordinated Notes through each of them and after such suspension, to mark-down all positions relating to the Subordinated Notes on its records to reflect the Non-Viability Write-Down, the records of Euroclear and Clearstream, Luxembourg and/or any custodian through which an investor may be holding the Subordinated Notes (or any other relevant clearing system) and any custodian through which an investor may be holding the Subordinated Notes may not be updated, or there may be a delay in updating such records, for the Non-Viability Event, or Euroclear and/or Clearstream, Luxembourg may not suspend, or may delay in suspending, all such clearance and settlement of the Subordinated Notes.

A period of delay is expected to exist between the occurrence of a Non-Viability Event and the time that the Non-Viability Write-Down Notice is dispatched, and between the dispatch of the Non-Viability Write-Down Notice and notification to holders of the Subordinated Notes through the notification systems of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system), and the systems of any custodian through which an investor may be holding the Subordinated Notes. Further, there may be no clear guidance as to how any of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) and any custodian through which an investor may be holding the Subordinated Notes will treat the clearance and settlement of transfers of the Subordinated Notes in the period following a Non-Viability Event. Accordingly, it is possible that transfers of Subordinated Notes will be settled even though such transfers were initiated after the Non-Viability Event. In such circumstances, transferees of the Subordinated Notes may be required to pay consideration even though, upon the occurrence of a Non-Viability Event, no amounts shall become due under the Subordinated Notes or the Trust Deed, regardless of whether they have received actual or constructive notice of such fact. Similarly, it is possible that transfers of Subordinated Notes may fail to settle even though such transfers were initiated prior to the Non-Viability Event. In such circumstances, transferors of the Subordinated Notes would not receive any consideration in respect of such intended transfer. All clearance and settlement of the Subordinated Notes, whether prior to the occurrence of the Non-Viability Event or thereafter, through any of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) and any custodian through which an investor may be holding the Subordinated Notes will be subject to rules and procedures of each of them that are in place at such time. Notwithstanding the foregoing, the holders of the Subordinated Notes will not have any rights against MUFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event, the Non-Viability Write-Down shall take place on the Write-Down Date, and the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes shall not be changed or delayed. See Condition 18(c) (*Non-Viability Write Down — Non-Viability Write-Down Notice*).

Any purchaser of the Subordinated Notes in a secondary market trade that settles through Euroclear, Clearstream, Luxembourg or any other clearing system after the occurrence of a Non-Viability Event shall bear the risk that, while such purchaser is required to pay consideration in respect of such purchase, on the Write-Down Date, the principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes will be permanently written down to zero, any and all of MUFG's obligations to pay the principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes will be discharged and the Subordinated Notes will be cancelled.

Subordination of the Notes could impair Noteholders' ability to receive payment

The rights of the holders of Subordinated Notes and Coupons relating thereto will be subordinated in right of payment to all Senior Indebtedness upon the occurrence of a Subordination Event and, if a Subordination Event has occurred on or prior to any date on which payment under the Notes becomes due, and so long as any such Subordination Event shall continue (and in the case of a Civil Rehabilitation Event, so long as neither a Summary Rehabilitation Order nor a Consent Rehabilitation Order shall have been issued), any amounts (other than any amounts which shall have become due and payable before such Subordination Event shall have occurred and remain unpaid) due under the Subordinated Notes, including any amount due under Condition 27 (*Currency Indemnity*), will become payable only upon payment of any and all Senior Indebtedness in full as set out in Condition 4(b) (*Status — Status of the Subordinated Notes*).

In addition, as set out in "*Risks related to Notes issued by MUFG — Structural subordination of Notes issued by MUFG*", claims of holders of Subordinated Notes will be effectively subordinated to the indebtedness and liabilities of MUFG's subsidiaries, including BTMU. Neither the Trust Deed nor the Notes contain any limitations on the amount of Senior Indebtedness or other liabilities that MUFG may incur or assume (including through guarantee obligations) or on the amount of indebtedness or other liabilities that MUFG's subsidiaries may incur.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Notes are unsecured obligations

The Notes are unsecured obligations of the relevant Issuer, and repayment of the Notes may be compromised if:

- the relevant Issuer enters into bankruptcy, liquidation, civil rehabilitation or other winding-up proceedings;
- the relevant Issuer defaults in the payment of its secured indebtedness or other unsecured indebtedness; or
- any of the relevant Issuer's indebtedness is accelerated.

If any of these events occurs, then the relevant Issuer's assets may be insufficient to pay amounts due on the Notes.

Modification and waivers

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or the Trust Deed which, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders.

Change of law

The Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Integral multiples of less than EUR100,000

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination of EUR100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes) plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of EUR100,000 (or its equivalent) that are not integral multiples of EUR100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

There is no prior market for the Notes and, even if a market develops, it may not be liquid

The Notes (other than Notes which form a single Series with previously issued Notes) will have no established trading market when issued, and although the Issuers have made an application to the Luxembourg Stock Exchange to have Notes issued under the Programme to be listed on the Official List and admitted to trading on the Euro MTF Market, such a trading market may never develop. Notes may also be issued on an unlisted basis. Even if a market does develop, it may not be liquid and may not continue for the term of the relevant Notes. Although Dealers may make a market in the Notes after the relevant offering is completed, such Dealers are under no obligation to do so and may discontinue any market-making activities at any time without notice. If the secondary market for the Notes is limited, there may be few or no buyers if the Noteholder chooses to sell its Notes prior to maturity and this may reduce the price it receives or its ability to sell the Notes at all.

Trading prices of the Notes following their issue will depend on many factors, including the relevant Issuer's results of operations and financial condition, prevailing interest rates, the then-current ratings assigned to the Notes (if any), the market for similar securities, and general economic conditions. Any trading market that may develop may also be affected by many other factors independent of and in addition to the foregoing, including the time remaining to the maturity of the relevant Notes, the outstanding amount thereof, and the level, direction and volatility of market interest rates generally. Further, in the event that the relevant Issuer's obligations in connection

with maintaining a listing of any Notes on the Luxembourg Stock Exchange become unduly burdensome or for any other reasons, the relevant Issuer may be entitled to, and may decide to, delist the Notes from such stock exchange and seek an alternative listing for the Notes on another securities exchange.

The Notes may not be a suitable investment for all investors

Each potential investor of the Notes should determine the suitability of such investment in light of its own circumstances. In particular, each potential investor should:

- understand thoroughly the terms of the relevant Notes, in particular, (a) the structurally subordinated nature of the Subordinated Notes issued by MUFG, (b) in the case of Unsubordinated Notes, the loss absorption mechanism applicable thereto in the case of MUFG becoming subject to orderly resolution measures, (c) in the case of Subordinated Notes, the provisions governing a Non-Viability Write-Down (as defined in Condition 18(b) (*Non-Viability Write Down — Effect of Non-Viability Event and Non-Viability Write-Down*)), including the circumstances under which a Non-Viability Event may occur, and the provisions relating to subordination, and in each case must be familiar with the behaviour of any relevant financial markets;
- have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained in, or incorporated by reference in, this Base Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Prior to making an investment decision, potential investors should consider carefully, in light of their own financial circumstances and investment objectives, all the information contained in this Base Prospectus (including the documents incorporated therein) and any applicable supplement.

Payments on certain Notes may be subject to U.S. withholding tax under FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Japan) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay Additional Amounts as a result of the withholding. See Conditions 16 (*Taxation*).

Risks relating to the Structure of a Particular Issue of Notes

The Notes may be redeemed at the relevant Issuer's option prior to maturity in certain circumstances

The relevant Issuer may, at its option, redeem the Notes, in whole, but not in part, at any time at a price equal to the Early Redemption Amount (Tax) (as defined in the relevant Final Terms), together with any accrued and unpaid interest to (but excluding) the date fixed for redemption (if any), upon determination and certification to the Trustee by the relevant Issuer of the occurrence of certain changes in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of Japan (or any political subdivision nor taxing authority of Japan) affecting taxation, or any change in the official position regarding the application or interpretation of such laws, regulations or rulings, the result of which is that the relevant Issuer is or will be required to pay Additional Amounts on the Notes or, in the case of the Subordinated Notes, for Japanese corporate tax purposes, any interest payable on the Subordinated Notes ceases to be treated as being a deductible expense for the purpose of the relevant Issuer's corporate tax. See Condition 11(b) (*Redemption and Repurchases — Redemption for tax reasons*). Further, in the case of the Subordinated Notes issued by MUFG, MUFG may, at its option, redeem the Notes, in whole, but not in part, at any time at a price equal to the Early Redemption Amount (Regulatory) (as defined in the relevant Final Terms), together with any accrued and unpaid interest to (but excluding) the date fixed for redemption (if any), if, immediately before giving such notice, MUFG satisfies the Trustee that it has determined after consultation with the FSA that there is more than an insubstantial risk that the Subordinated Notes may not be included in its Tier II capital under applicable standards set forth in the applicable banking regulations (other than for the reason that the amount of the Subordinated Notes exceeds any limitations under such applicable standard with respect to the amount of the Subordinated Notes that qualifies as Tier II capital). See Condition 11(c) (*Redemption and Repurchases — Redemption for regulatory reasons*).

If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the relevant Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) (plus accrued and unpaid interest (if any) to (but excluding) such date). See Condition 11(d) (*Redemption and Repurchases — Redemption at the option of the Issuer*). In this respect, the Issuer may exercise such Call Option to redeem Notes, in particular, when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, in the case of Notes issued by MUFG, any early redemption of the Notes is subject to the prior confirmation of the FSA, regardless of whether such redemption would be favourable or unfavourable to the holders of the Notes.

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Inverse Floating Rate Notes (BTMU only)

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms), because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on such Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes.

Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

Notes linked to "benchmarks"

The London Interbank Offered Rate ("LIBOR"), the Euro Interbank Offered Rate ("EURIBOR") and other interest rate or other types of rates and indices which are deemed to be "benchmarks" are the subject of ongoing national and international regulatory reform. Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences, including those which cannot be predicted. For example, on 27 July 2017, the United Kingdom Financial Conduct Authority ("FCA") announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of, or the potential changes in the manner of administration of, the LIBOR benchmark or any other benchmark could require an adjustment to the terms and conditions, or result in other consequences, including those which cannot be predicted, in respect of any Notes linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR). Any such consequence could have a material adverse effect on the value of and return on any such Notes.

Zero Coupon Notes (BTMU only)

If Zero Coupon Notes are redeemed early by BTMU, depending on the circumstances, the redemption amount which the investor receives may be less than its original investment; and, following such early redemption, the investor may not be able to reinvest the proceeds from an investment at a comparable return for a similar level of risk. Each investor should consider such reinvestment risk in light of other available investments when it purchases the Notes.

Also, in certain circumstances, the early redemption amount of Zero Coupon Notes will be equal to the Market Value Amount (as defined in Condition 2(a) (*Interpretation - Definitions*)) of such Notes (as determined by the Calculation Agent, subject to the relevant Issuer informing the Calculation Agent of the amount of the Unwinding Costs (as defined below)). Such amount may have deducted any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements (determined by the relevant Issuer in its sole and absolute discretion, acting in a commercially reasonable manner) (the "Unwinding Costs"). In such case, the early redemption amount to be received by a Noteholder may be less than its original investment and the investor could lose some or all of its money.

Risks related to the market generally

Set out below is a brief description of certain market risks, including exchange rate risk, interest rate risk and credit risk:

Exchange rate risks and exchange controls

The relevant Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings are such rating agencies' assessments of the relevant Issuer and such Notes based upon their own rating methodology, and may not necessarily reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. Further revisions to ratings methodologies and actions on either Issuer's ratings or ratings of its subsidiaries by the credit rating agencies may occur in the future, and such revisions may result in the downgrade of certain ratings. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

There are no guarantees that any rating assigned to an issue of Notes will continue to be assigned or maintained. The relevant Issuer may determine to no longer maintain one or more ratings, or any credit rating agency may lower or suspend its rating or withdraw its rating if, in the sole judgement of the credit rating agency, the credit quality of the Notes has declined or is in question. In addition, at any time a credit rating agency may revise its relevant rating methodology with the result that, among other things, any rating assigned to the Notes may be lowered. If any of the rating(s) assigned to the Notes (if any) is lowered, suspended or withdrawn, the market value of the Notes may be reduced.

Risks relating to Notes issued by BTMU denominated in Renminbi

A description of risks which may be relevant to an investor in Notes denominated in Renminbi ("Renminbi Notes") is set out below.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "PRC Government") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar. However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being developed.

Although from 1 October 2016, Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China (the "PBoC") has entered into agreements (the "Settlement Arrangements") on the clearing of Renminbi business with financial institutions (the "Renminbi Clearing Banks") in a number of financial centres and cities including, but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "Settlement Arrangements"), the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC, although PBoC has gradually

allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks only have limited access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. The Issuer will make all payments of interest and principal with respect to the Renminbi Notes in Renminbi unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in the Renminbi Notes is subject to currency risk

If BTMU is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), BTMU shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to (i) postpone the relevant payment in respect of the Renminbi Notes (in whole or in part) to 10 Business Days (as defined in the Conditions) after the date on which BTMU determines that such Inconvertibility, Non-transferability or Illiquidity cease to exist; and/or (ii) settle any such payment in U.S. dollars on the due date or any other subsequent date (which shall be prior to 10 Business Days after the due date) that shall be designated by BTMU on the relevant notice, whichever is later, at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

Investment in the Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the terms and conditions of the relevant Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global certificates held with the common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the Final Terms, (ii) for so long as the Renminbi Notes are represented by global certificates lodged with a sub-custodian for or registered with the CMU, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the Final Terms in accordance with prevailing CMU rules and procedures or (iii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the Final

Terms, in accordance with prevailing rules and regulations or (iv) by transfer through the Cross-Border Interbank Payment System in accordance with relevant rules and regulations, if so specified in the Final Terms. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the gains derived by such non-PRC resident enterprise holder from the transfer of Renminbi Notes but its implementation rules have reduced the enterprise income tax rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the gains derived by such non-PRC resident or individual holder from the transfer of Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and become subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Noteholders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Renminbi Notes.

Therefore, if non-PRC enterprise or individual resident holders are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected. Investors should consult their own tax advisors regarding the tax risks that may entail as a result of investing in Renminbi Notes.

Remittance of proceeds in Renminbi into or out of the PRC

In the event that BTMU decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from, and/or registration or filing with, the relevant PRC government authorities. However, there is no assurance that the necessary approvals from, and/or registration or filing with, the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

There is no assurance that the PRC Government will continue to gradually liberalise the control over cross-border Renminbi remittances in the future, that the PRC Government will not impose any interim or long-term restrictions on capital inflow or outflow which may restrict cross-border Renminbi remittances, or that the pilot schemes introduced will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that BTMU does remit some or all of the proceeds into the PRC in Renminbi and BTMU subsequently is not able to repatriate funds out of the PRC in Renminbi, it will need to source Renminbi outside the PRC to finance its obligations under the Renminbi Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

FORMS OF THE NOTES

The Notes of each Tranche will be either in bearer form and/or in registered form.

Bearer Notes

Each Tranche of Notes in bearer form will be initially represented by a Temporary Global Note, without interest coupons, talons or receipts which will be deposited with the Common Depository or the Common Safekeeper for Euroclear and Clearstream, Luxembourg. Upon such deposit of a Temporary Global Note, Euroclear or Clearstream, Luxembourg will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid, or the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg, as the case may be.

Each Global Note which is a CGN will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or the Common Depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and each Global Note which is an NGN, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with the Common Safekeeper for Euroclear and/or Clearstream, Luxembourg. If the Global Note is a CGN, upon the initial deposit of a Global Note with the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

On 13 June 2006, the European Central Bank (the "ECB") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "Eurosystème"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used. Even if the Notes are intended to be held in a manner which would allow Eurosystem (as defined below) eligibility, the Notes may not be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met. Where the Notes are stated in the applicable Final Terms to be issued in NGN form, Euroclear and Clearstream, Luxembourg will be notified by or on behalf of the Issuer whether or not the Notes are intended to be held in a manner which would allow for Eurosystem eligibility. If the Notes are intended to be held in a manner which would permit the Notes to be recognised as eligible collateral for Eurosystem operations, the Notes will be deposited initially upon issue with one of the ICSDs acting as the common safekeeper.

Bearer Notes will be issued in compliance with the TEFRA D Rules unless (i) the relevant Final Terms states that the Bearer Notes are issued in compliance with the TEFRA C Rules or (ii) the Bearer Notes are issued other than in compliance with the TEFRA D Rules or the TEFRA C Rules; only Bearer Notes with a term of 365 days or less (taking into account any unilateral right to rollover or extend the term) may be issued other than in compliance with the TEFRA D Rules or the TEFRA C Rules and will be referred to in the relevant Final Terms as a transaction to which the TEFRA is not applicable. Where TEFRA D is applicable, Bearer Notes must initially be issued in the form of Temporary Global Notes, exchangeable for Permanent Global Notes or Definitive Notes upon certification of non-U.S. beneficial ownership.

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Note represented by a Global Note must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for its share of each payment made by the relevant Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear and Clearstream, Luxembourg. Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the relevant Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid. Any reference in this section to Euroclear and/or Clearstream, Luxembourg shall, whenever the context permits, be deemed to include a reference to any additional or alternative clearance system approved by the relevant Issuer, the relevant Dealer and the Agent.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days (taking into account any unilateral right to rollover or extend the term) that are not classified as being in registered form for U.S. federal income tax purposes, the Notes in global form, the Notes in definitive form and any interest coupons, talons and receipts appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes, receipts or interest coupons.

Registered Notes

Unless otherwise provided with respect to a particular Series of Registered Notes, the Registered Notes of each Tranche of such Series offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will be evidenced by a Global Note Certificate. Each Global Note Certificate which is not to be held under the New Safekeeping Structure will be deposited on or around the issue date of the relevant Tranche of Notes with a custodian for, and registered in the name of a nominee of, the Common Depositary for Euroclear and Clearstream, Luxembourg, and each Global Note Certificate to be held under the New Safekeeping Structure will be deposited on or around the issue date of the relevant Tranche of the Notes with a Common Safekeeper for, and registered in the name of a Common Safekeeper (or its nominee) for Euroclear and Clearstream, Luxembourg, for the accounts of their respective participants. Prior to expiry of the period that ends 40 days after completion of the distribution of each Tranche of Notes, as certified by the relevant Dealer, in the case of a non-syndicated issue, or the lead manager or managing underwriter (the "Lead Manager"), in the case of a syndicated issue (the "Distribution Compliance Period"), beneficial interests in a Global Note Certificate may not be offered or sold to, or for the account or benefit of, a U.S. person (as defined in Regulation S) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Global Note Certificate will bear a legend regarding such restrictions on transfer.

In a press release dated 22 October 2008, "Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the New Safekeeping Structure would be in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of Eurosystem, subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Registered Notes in definitive form may also be sold outside the United States in reliance on Regulation S.

Payments of the principal of, and interest (if any) on, the Registered Notes evidenced by Global Note Certificates will be made to the nominee of Euroclear and/or Clearstream, Luxembourg, as the registered holders of Registered Notes evidenced by such Global Note Certificates. None of the Issuers, the Principal Paying Agent, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Registered Notes evidenced by Global Note Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal and interest on the Registered Notes will be made on the relevant payment date to the person in whose name such Notes are registered on the Record Date (as defined in Condition 13(g) (*Payments — Registered Notes — Record date*)) immediately preceding such payment date.

existing and future perpetual subordinated debt and obligations of MUFG) and all classes of shares (including preferred shares (if any)) of MUFG, subject to a Non-Viability Write-Down, as provided in Condition 18 (*Non-Viability Write-Down*).

The rights of the holders of Subordinated Notes and Coupons relating thereto will be subordinated in right of payment (as described below) to all Senior Indebtedness upon the occurrence of a Subordination Event and, if a Subordination Event has occurred on or prior to any date on which payment under the Notes becomes due, and so long as any such Subordination Event shall continue (and in the case of a Civil Rehabilitation Event, so long as neither a Summary Rehabilitation Order nor a Consent Rehabilitation Order shall have been issued), any amounts (other than any amounts which shall have become due and payable before such Subordination Event shall have occurred and remain unpaid) due under the Subordinated Notes, including any amount due under Condition 27 (*Currency Indemnity*), will become payable only upon one of the following conditions being fulfilled:

- (i) in the case of a Bankruptcy Event, the total amount of any and all Senior Indebtedness which is listed on the final distribution list of MUFG submitted to the court in such bankruptcy proceedings shall have been assured to be paid in full out of the amounts available for distribution in such bankruptcy proceedings (including by way of distributions by deposit of funds in escrow with the competent authority);
- (ii) in the case of a Corporate Reorganisation Event, the total amount of any and all Senior Indebtedness which is listed on the corporate reorganisation plan of MUFG at the time when the court's approval of such plan becomes final and conclusive shall have been paid in full in such proceedings to the extent that such liabilities shall have been fixed;
- (iii) in the case of a Civil Rehabilitation Event, the total amount of any and all Senior Indebtedness which is listed on the civil rehabilitation plan of MUFG at the time when the court's approval of such plan becomes final and conclusive shall have been paid in full in such proceedings to the extent that such liabilities shall have been fixed; or
- (iv) in the case of a Foreign Event, conditions equivalent to those set out in (i), (ii) or (iii) above have been fulfilled; **provided, however, that** notwithstanding any provision herein to the contrary, if the imposition of any such condition is not allowed under such proceedings, any amount which becomes due under the Subordinated Notes shall become payable in accordance with these Conditions and not subject to such impermissible condition.

Notwithstanding that the Subordinated Notes are stated to rank equally with certain unsecured, unconditional and dated subordinated debt of MUFG and ahead of certain unsecured, conditional and undated subordinated debt of the Issuer as described above, the Subordinated Notes are subject to a Non-Viability Write-Down, as provided in Condition 18 (*Non-Viability Write-Down*).

No amendment or modification which is prejudicial to any present or future creditor in respect of any Senior Indebtedness shall be made to the subordination provision contained in these Conditions or the Trust Deed. No such amendment shall in any event be effective against any such creditor.

The Trust Deed provides, *inter alia*, that (i) if any payment of principal or interest in respect of the Subordinated Note is made to the Trustee or any Holder of a Subordinated Note or any Coupon related thereto after the occurrence of a Subordination Event and the amount of such payment exceeds the amount, if any, that should have been paid to the Trustee or such Holder upon the proper application of the subordination provisions of such Subordinated Notes under these Conditions or the Trust Deed, the payment of such excess amount shall be deemed null and void and the Trustee (to the extent it has not paid such amount to any Holder) or such Holder (as the case may be) shall be obliged to return the amount of the excess payment within 10 days after receiving notice of the excess payment, and (ii) upon the occurrence of a Subordination Event and for so long as such Subordination Event shall continue, any liabilities of the Issuer to such Holder under the Subordinated Notes which would otherwise become so payable on or after the date on which such Subordination Event occurs shall not be set off against any liabilities of such Holder owed to MUFG unless, until and only in such amount as the liabilities of MUFG under the Subordinated Notes become payable pursuant to the proper application of the subordination provisions of such Subordinated Notes under these Conditions or the Trust Deed.

For the avoidance of doubt, if a competent court in Japan shall have commenced the bankruptcy proceedings with respect to MUFG pursuant to the provisions of the Bankruptcy Law, the claims of the Holders of the Subordinated Notes rank junior to the claims of all statutory subordinated bankruptcy claims

(*retsugoteki hasan saiken*), as set forth in the Bankruptcy Law, in distribution in such bankruptcy proceedings.

If a Non-Viability Event occurs, it is expected that a Non-Viability Write-Down would take place before the treatment of MUFG's remaining indebtedness or other securities without similar write-down features is determined.

As at the date of this Base Prospectus, statutory subordinated bankruptcy claims (retsugoteki hasan saiken), as set forth in the Bankruptcy Law in more detail, include: (i) any claim for interest, damages, penalty, taxes or certain other amounts arising after the commencement of bankruptcy proceedings; (ii) such portion of a claim with a fixed due date that is to become due after the commencement of bankruptcy proceedings and bears no interest, as corresponds to the amount of statutory interest for the claim to be accrued according to the number of years during the period from the time of commencement of bankruptcy proceedings until the due date; (iii) such portion of a claim with an uncertain due date that is to become due after the commencement of bankruptcy proceedings and bears no interest, as corresponds to the difference between the amount of the claim and the amount of the claim estimated as of the time of commencement of bankruptcy proceedings; or (iv) such portion of a claim for periodic payments the amount and duration of which are fixed, as corresponds to the total of the amounts calculated with regard to the respective periodic payments in accordance with the provisions of (ii) above of this paragraph.

Pursuant to the provisions of the Bankruptcy Law, the Corporate Reorganisation Law or the Civil Rehabilitation Law, the holders of MUFG's liabilities (both subordinated and unsubordinated) will be required to file a notice of claim in Japan upon the occurrence of a Subordination Event (other than a Foreign Event). Upon the expiration of the period for filing such notices, based on the notices filed and the Issuer's records, an official list of liabilities that will be distributed in a bankruptcy proceeding, corporate reorganisation proceeding or civil rehabilitation proceeding will be determined pursuant to the provisions of the Bankruptcy Law, the Corporate Reorganisation Law or the Civil Rehabilitation Law. Neither these Conditions nor the Trust Deed contain any limitations on the amount of Senior Indebtedness or other liabilities that the Issuer may hereafter incur or assume.

5. **Fixed Rate Note Provisions**

- (a) *Application:* This Condition 5 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes (in the case of Subordinated Notes, subject to a Non-Viability Write-Down provided in Condition 18 (*Non-Viability Write-Down*)) bear interest on its nominal amount (or, in the case of Partly Paid Notes, the amount paid up or, in the case of Instalment Notes, its outstanding principal amount) from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 12 (*Payments - Bearer Notes*) and Condition 13 (*Payments - Registered Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent or the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* Unless otherwise specified in the Final Terms, the amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.

6. **Floating Rate Note Provisions**

- (a) *Application:* This Condition 6 (*Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes (in the case of Subordinated Notes, subject to a Non-Viability Write-Down provided in Condition 18 (*Non-Viability Write-Down*)) bear interest on its nominal amount (or, in the case of Partly Paid Notes, the amount paid up or, in the case of Instalment Notes, its outstanding principal amount) from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 12 (*Payments - Bearer Notes*) and Condition 13 (*Payments - Registered Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Floating Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate;
 - (iii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iv) if, in the case of (i) above, such rate does not appear on that page or, in the case of (iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
 - (v) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period

for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period (subject in all cases to a minimum of zero per cent.) shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period (subject in all cases to a minimum of zero per cent.) will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period (subject in all cases to a minimum of zero per cent.) will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
 - (iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period
- provided, however, that** if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.
- (e) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (f) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. Unless otherwise specified in the Final Terms, the Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.
- (g) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it

together with any relevant payment date(s) to be notified to the Paying Agents and (if so required by the relevant authority, stock exchange and/or quotation system) each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

- (h) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders, the Receiptholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. **CMS Rate Note Provisions (BTMU only)**

- (a) *Application:* This Condition 7 (*CMS Rate Note Provisions*) is applicable to the Notes only if the CMS Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* Each CMS Rate Note bears interest on its nominal amount from (and including) the Interest Commencement Date at the rate equal to the Rate of Interest payable in arrear on either:
- (i) the date(s) specified in the applicable Final Terms as the Interest Payment Date(s) in each year; or
 - (ii) if no express Interest Payment Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (c) *Rate of Interest:* The Rate of Interest for each Interest Period (subject in all cases to a minimum of zero per cent.) will, subject as provided below, be:
- (i) the CMS Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any) specified as such in the applicable Final Terms; or
 - (ii) the CMS Rate multiplied (as indicated in the applicable Final Terms) by the Rate Multiplier (if any) specified as such in the applicable Final Terms.

If the Relevant Screen Page (as specified in the applicable Final Terms) is not available, the Agent shall request each of the CMS Reference Banks to provide the Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Interest Determination Date (each as specified in the applicable Final Terms) in question. If two or more of the CMS Reference Banks provide the Agent with such quotations, the highest (or, if there is more than one such highest quotation, one only of such quotations) shall be disregarded and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations.

If on any Interest Determination Date only one or none of the CMS Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the CMS Rate for the relevant Interest Period shall be determined by the Agent on such commercial basis as considered appropriate by the Agent in its absolute discretion, in accordance with standard market practice.

- (d) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

-
- (e) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. Unless otherwise specified in the Final Terms, the Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.
- (f) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and (if so required by the relevant authority, stock exchange and/or quotation system) each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (g) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on BTMU, the Paying Agents, the Noteholders, the Receiptholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. **Zero Coupon Note Provisions (BTMU only)**

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. **Dual Currency Note Provisions (BTMU only)**

- (a) *Application:* This Condition 9 (*Dual Currency Note Provisions*) is applicable to the Notes only if the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Dual Currency Notes:* In the case of Notes in respect of which principal or interest or both is or may be payable in one or more Specified Currencies other than the Specified Currency in which they are denominated ("**Dual Currency Notes**"), if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

10. **Partly Paid Notes and Instalment Notes (BTMU only)**

- (a) *Partly Paid Notes:* In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.
- (b) *Instalment Notes:* In the case of Instalment Notes (other than Instalment Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the outstanding principal amount of such Notes and otherwise as specified in the applicable Final Terms.

11. **Redemption and Repurchases**

- (a) *Redemption at maturity:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 12 (*Payments - Bearer Notes*) and Condition 13 (*Payments - Registered Notes*).
- (b) *Redemption for tax reasons:* The Notes may (in the case of Notes issued by MUFG, subject to prior confirmation of the FSA (if such confirmation is required under Japanese banking laws and regulations then in effect)) be redeemed at the option of the Issuer in whole, but not in part:
- (i) at any time (unless the Floating Rate Note Provisions or CMS Rate Note Provisions are specified in the relevant Final Terms as being applicable); or
- (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or CMS Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' prior notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable), at their Early Redemption Amount (Tax) (plus accrued and unpaid interest to (but excluding) the date fixed for redemption, if any), if the Issuer determines and certifies to the Trustee prior to giving notice of redemption that:

- (A) as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of Japan (or any political subdivision or taxing authority of Japan) affecting taxation, or any change in the official position regarding the application or interpretation of such laws, regulations or rulings (including a holding, judgment, or order by a court of competent jurisdiction), which change, amendment, application or interpretation becomes effective on or after the Agreement Date of the first Tranche of the Notes:
- (x) the Issuer is, or on the next interest payment date would be, required to pay any Additional Amounts as provided or referred to in Condition 15 (*Taxation*); or
- (y) (in the case of Subordinated Notes only) any interest on the Subordinated Notes ceases to be treated as being a deductible expense for the purpose of the Issuer's corporate tax; and
- (B) such event cannot be avoided by measures reasonably available to the Issuer,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the Issuer would be obliged to make such payment of Additional Amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to make such payment of Additional Amounts if a payment in respect of the Notes were then due.

Prior to the giving of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Trustee (x) a certificate signed by a Responsible Officer of the Issuer stating that the conditions precedent to such redemption set out in this Condition 11(b) (*Redemption and Repurchases - Redemption for tax reasons*) have been fulfilled, and (y) an opinion of an independent tax counsel or tax consultant of recognised standing reasonably satisfactory to the Trustee to the effect that the circumstances referred to in paragraphs (A) and (B) above exist.

The Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above and the circumstances referred to in paragraphs (A) and (B) set out above, in which event they shall be conclusive and binding on the Noteholders.

Upon the expiry of any such notice as is referred to in this Condition 11(b) (*Redemption and Repurchases - Redemption for tax reasons*), the Issuer shall be bound to redeem the Notes in accordance with this Condition 11(b) (*Redemption and Repurchases - Redemption for tax reasons*).

- (c) *Redemption for regulatory reasons*: In the case of Subordinated Notes only, the Subordinated Notes may, subject to prior confirmation of the FSA (if such confirmation is required under Japanese banking laws and regulations then in effect), be redeemed at the option of the Issuer in whole, but not in part:
- (i) at any time (unless the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' prior notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable), at their Early Redemption Amount (Regulatory) (plus accrued and unpaid interest to (and excluding) the date fixed for redemption, if any), if, immediately before giving such notice, the Issuer satisfies the Trustee that the Issuer has determined after consultation with the FSA that there is more than an insubstantial risk that the Subordinated Notes may not be included in the Issuer's Tier II capital under applicable standards set forth in the applicable banking regulations (other than for the reason that the amount of the Subordinated Notes exceeds any limitations under such applicable standard with respect to the amount of the Subordinated Notes that qualifies as Tier II capital), **provided, however, that** no such notice of redemption shall be given earlier than:

- (1) where the Subordinated Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which such event would be triggered; or
- (2) where the Subordinated Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which such event would be triggered.

Prior to the giving of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Trustee a certificate signed by a Responsible Officer of the Issuer stating that the conditions precedent to such redemption set out in this Condition 11(c) (*Redemption and Repurchases - Redemption for regulatory reasons*) have been fulfilled.

The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent described above, in which event they shall be conclusive and binding on the Noteholders.

Upon the expiry of any such notice as is referred to in this Condition 11(c) (*Redemption and Repurchases - Redemption for regulatory reasons*), the Issuer shall be bound to redeem the Notes in accordance with this Condition 11(c) (*Redemption and Repurchases - Redemption for regulatory reasons*).

- (d) *Redemption at the option of the Issuer*: If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may (in the case of Notes issued by MUFG, subject to prior confirmation of the FSA (if such confirmation is required under Japanese banking laws and regulations then in effect)), be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) (plus accrued and unpaid interest (if any) to (but excluding) such date) on the Issuer's giving not less than 14 nor more than 45 days' prior notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued and unpaid interest (if any) to (but excluding) such date).
- (e) *Redemption at the option of the Noteholders*: In the case of Notes issued by BTMU only, if the Put Option is specified in the applicable Final Terms as being applicable, upon the holder of any Note giving to BTMU

not less than 30 nor more than 60 days' written notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), BTMU will, upon the expiry of such notice, redeem, subject to and in accordance with the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date (Put) and at the Optional Redemption Amount (Put) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date (Put). To exercise the right to require redemption of any Note in definitive form, the holder of such Note must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made in this Condition 11(e) (*Redemption and Repurchases - Redemption at the option of the Noteholders*).

- (f) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 11(d) (*Redemption and Repurchases - Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Principal Paying Agent approves and in such manner as the Principal Paying Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 11(d) (*Redemption and Repurchases - Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be:
- (i) if "**Amortised Face Amount**" is specified as being applicable in the applicable Final Terms, an amount equal to the sum of:
- (A) the Reference Price; and
 - (B) the Accrual Yield (compounded annually if so specified in the applicable Final Terms) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
- (ii) if "**Market Value Amount**" is specified as being applicable in the applicable Final Terms, an amount equal to the sum of:
- (A) the Reference Price; plus
 - (B) the Accrual Yield (compounded annually if so specified in the applicable Final Terms) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; minus
 - (C) the Unwinding Costs. The Calculation Agent may rely upon any determination of the Unwinding Costs by the Issuer without incurring any liability to any person for doing so, and its calculation of the Market Value Amount shall be subject to the Issuer informing the Calculation Agent of the amount of the Unwinding Costs.
- (h) *Instalment Notes:* Instalment Notes will be repaid in instalments the amount of which (the "**Instalment Amount**") and the dates on which each Instalment Amount is repayable (each an "**Instalment Date**") will be specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount.

-
- (i) *Partly Paid Notes:* Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 11 (*Redemption and Repurchases*) and the applicable Final Terms.
 - (j) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (i) above.
 - (k) *Repurchases:* The Issuer or any of its subsidiaries may (in the case of Notes issued by MUFG, subject to prior confirmation of the FSA (if such confirmation is required under Japanese banking laws and regulations then in effect)), at any time purchase any or all of the Notes in the open market or otherwise at any price in accordance with any applicable law or regulation, **provided that** all unmatured Coupons or Receipts are purchased therewith. Subject to applicable law, neither the Issuer nor any of its subsidiaries shall have any obligation to offer to purchase any Notes held by any Holder as a result of the Issuer's or its subsidiaries' purchase or offer to purchase the Notes held by any other Holder in the open market or otherwise.
 - (l) *Notes redeemed or repurchased:* All Notes redeemed pursuant to this Condition 11 (*Redemption and Repurchases*) by the Issuer and any unmatured Coupons or Receipts attached to or surrendered with them shall be cancelled and may not be reissued or resold. All Notes purchased by the Issuer or any of its subsidiaries pursuant to this Condition 11 (*Redemption and Repurchases*) and any unmatured Coupons or Receipts attached to or surrendered with them may, at the discretion of the Issuer or any of its subsidiaries, as the case may be, be held or resold or surrendered to any Paying Agent for cancellation.

12. **Payments - Bearer Notes**

- (a) *Application:* This Condition 12 (*Payments - Bearer Notes*) is only applicable to Bearer Notes.
- (b) *Principal:* Payments of principal shall (save, in the case of payments in U.S. dollars, as provided in paragraph (e) below) be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is Euro, any other account to which Euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (c) *Instalments:* In the case of Notes issued by BTMU, payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (b) above against presentation and surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (b) above against surrender of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.
- (d) *Interest:* Payments of interest shall (save, in the case of payments in U.S. dollars, as provided in paragraph (e) below), subject to paragraph (j) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons or Receipts at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (b) above.
- (e) *Payments in New York City:* In the case of payments in U.S. dollars, payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in U.S. dollars when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions, and (iii) payment is permitted by applicable United States law.
- (f) *Payments subject to fiscal laws:* All payments in respect of the Bearer Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*). No commissions or expenses shall be charged to the Noteholders or Couponholders or Receiptholders in respect of such payments.
- (g) *Deductions for unmatured Coupons or Receipts:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:

-
- (i) if the aggregate amount of the missing Coupons or Receipts is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons or Receipts will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons or Receipts which the gross amount actually available for payment bears to the amount of principal due for payment;
- (ii) if the aggregate amount of the missing Coupons or Receipts is greater than the amount of principal due for payment:
- (A) so many of such missing Coupons or Receipts shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons or Receipts (the "**Relevant Coupons**" or the "**Relevant Receipt**") being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon or Receipt to become void, such missing Coupon or Receipt shall become void in its entirety; and
- (B) a sum equal to the aggregate amount of the Relevant Coupons or the Relevant Receipt (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons or the Relevant Receipt (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (b) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons or Receipts.

- (h) *Unmatured Coupons and Receipts void:* If the relevant Final Terms specifies that this Condition 12(h) (*Payments - Bearer Notes - Unmatured Coupons and Receipts void*) is applicable or that the Floating Rate Note Provisions, CMS Rate Note Provisions or Dual Currency Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 11(b) (*Redemption and Repurchases - Redemption for tax reasons*), Condition 11(c) (*Redemption and Repurchases - Redemption for regulatory reasons*), Condition 11(d) (*Redemption and Repurchases - Redemption at the option of the Issuer*) or Condition 16 (*Events of Default*), all unmatured Coupons or Receipts relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (i) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or Coupon or Receipt is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (j) *Payments other than in respect of matured Coupons or Receipts:* Payments of interest other than in respect of matured Coupons or Receipts shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or, in the case of payments in U.S. dollars, in New York City if permitted by paragraph (e) above).
- (k) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon or Receipt presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (l) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Principal Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 19 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

13. **Payments - Registered Notes**

- (a) *Application:* This Condition 13 (*Payments - Registered Notes*) is only applicable to Registered Notes.
- (b) *Principal:* Payments of principal (and, in the case of Instalment Notes, payments of instalments, if any, of principal, other than the final instalment) shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is Euro, any other account to which Euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent. Payment of the final instalment in respect of Instalment Notes shall be made in the manner provided in this Condition 13(b) only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Note in accordance herein.
- (c) *Interest:* Payments of interest, other than in the case of payments made in accordance with Condition 14 (*Payments - Renminbi*) below, shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is Euro, any other account to which Euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*). No commissions or expenses shall be charged to the Noteholders in respect of such payments.
- (e) *Payments on business days:* Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not Payment Business Day, for value the next succeeding Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note Certificate is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (ii) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Registered Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (A) the due date for a payment not being a Payment Business Day or (B) a cheque mailed in accordance with this Condition 13 (*Payments - Registered Notes*) arriving after the due date for payment or being lost in the mail.
- (f) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Registered Note, the Issuer shall procure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Note Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Note Certificate.
- (g) *Record date:* Each payment in respect of a Registered Note will be made to the person shown as the Holder in the Register at the closing of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the "**Record Date**"). Where payment in respect of a Registered Note is to be made by cheque, the cheque will be mailed to the address shown as the address of the Holder in the Register at the closing of business on the relevant Record Date.

14. **Payments – Renminbi (BTMU only)**

- (a) *Method of payment:* Notwithstanding Condition 12 (*Payments - Bearer Notes*) and Condition 13 (*Payments - Registered Notes*), payments in Renminbi will be made by credit or transfer to a Renminbi account ascertained by or on behalf of a Noteholder with a bank in Hong Kong.
- (b) *Inconvertibility, Non-transferability or Illiquidity:* If by reason of Inconvertibility, Non-transferability or Illiquidity, BTMU is not able, or it is impractical for it, to satisfy payments of principal or interest in respect of the Notes when due in Renminbi in Hong Kong, BTMU may, on giving not less than five or more than 30

calendar days' irrevocable notice to the Noteholders prior to the due date for payment, (i) postpone the relevant payment in respect of the Notes (in whole or in part) to 10 Business Days after the date on which BTMU determines that such Inconvertibility, Non-transferability or Illiquidity cease to exist; and/or (ii) settle any such payment in U.S. dollars on the due date or any other subsequent date (which shall be prior to 10 Business Days after the due date) that shall be designated by BTMU on the relevant notice, whichever is later, at the U.S. Dollar Equivalent of any such Renminbi-denominated amount. Such postponement or settlement in U.S. dollars of the relevant payment by BTMU shall not constitute an Event of Default and no interest or additional amount will accrue or be payable in respect of such postponement or settlement in U.S. dollars.

- (c) *Interest:* Payments of interest in Renminbi due on a Registered Note will be made to the person in whose name such Registered Note is registered at the close of business on the fifth day before the due date for payment thereof. Payment will be made by transfer to the registered account of the Noteholder. In this Condition 14(c) (*Payments - Renminbi - Interest*), "**registered account**" means the Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong, details of which appear on the register at the close of business on the fifth business day before the due date for payment.
- (d) *Calculation Agent:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 14 (*Payments - Renminbi*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents and all Noteholders.

15. **Taxation**

- (a) *Gross up:* All payments of principal and interest in respect of the Notes, the Coupons and the Receipts by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Japan (or any political subdivision of, or authority in, or of, Japan having power to tax), unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts ("**Additional Amounts**") as will result in receipt by the Noteholders, the Couponholders and the Receiptholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable:
 - (i) to or on behalf of a Holder of any Note, Coupon or Receipt (or a beneficial owner thereof) who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Coupon or Receipt by reason of its having some connection with Japan other than the mere holding of the Note, Coupon or Receipt; or
 - (ii) to or on behalf of a Holder of any Note, Coupon or Receipt (or a beneficial owner thereof) (A) who would otherwise be exempt from any such withholding or deduction but who fails to comply with any applicable requirement to provide certification, information, documents or other evidence concerning its nationality, residence, identity or connection with Japan, including any requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the Issuer or a Paying Agent, as appropriate, or (B) whose Interest Recipient Information is not duly communicated through the Participant (as defined below) and the relevant international clearing organisation to a Paying Agent, as appropriate; or
 - (iii) to or on behalf of a Holder of any Note, Coupon or Receipt (or a beneficial owner thereof) who is for Japanese tax purposes treated as a resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) who complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) a resident of Japan or a Japanese corporation who duly notifies (directly or through the Participant or otherwise) a Paying Agent, as appropriate, of its status as not being subject to Japanese taxes to be withheld or deducted by the Issuer, by reason of such individual resident of Japan or Japanese corporation receiving interest on the relevant Note through a payment handling agent in Japan appointed by it); or
 - (iv) to or on behalf of a Holder of any Note, Coupon or Receipt (or a beneficial owner thereof) who is a non-resident of Japan or a non-Japanese corporation that is a Specially-Related Person of the Issuer; or

-
- (v) to or on behalf of a Holder of any Note, Coupon or Receipt (or a beneficial owner thereof) who presents or surrenders the relevant Note, Coupon, Receipt or Note Certificate (where presentation or surrender is required, as the case may be) for payment more than 30 days after the Relevant Date, except to the extent that the Holder of such Note, Coupon or Receipt (or the beneficial owner thereof) would have been entitled to such Additional Amounts on presenting or surrendering such Note, Coupon, Receipt or Note Certificate for payment on the last day of such period of 30 days; or
 - (vi) to or on behalf of a Holder of any Note, Coupon or Receipt (or the beneficial owner thereof) which is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, any Note, Coupon or Receipt and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of such Note, Coupon or Receipt (or the beneficial owner thereof); or
 - (vii) where definitive Notes or Coupons or Receipts are issued so that they are independently traded; or
 - (viii) in any case that is a combination of any of (i) through (vii) above.

Notwithstanding anything to the contrary in this Condition, none of the Issuer, any paying agent or any other person shall be required to pay any additional amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Section 1471 to 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Issuer, a paying agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA. In addition, no Additional Amounts will be payable for or on account of any deduction or withholding imposed under Taxable Linked Notes.

- (b) *Notes held by a Participant:* Where a Note, or Coupon or Receipt is held through a participant of a clearing organisation or a financial intermediary (each, a "**Participant**"), in order to receive payments free of withholding or deduction by the Issuer for, or on account of, Japanese taxes, if the relevant beneficial owner of a Note, or Coupon or Receipt is:

- (i) an individual non-resident of Japan or a non-Japanese corporation that in either case is not a Specially-Related Person of the Issuer; or
- (ii) a Japanese financial institution (a "**Designated Financial Institution**") falling under certain categories prescribed by Article 6, Paragraph 9 of the Special Taxation Measures Act and the Cabinet Order (together with the ministerial ordinance and other regulations thereunder, the "**Act**"),

all in accordance with the Act, such beneficial owner of a Note, Coupon or Receipt must, at the time of entrusting a Participant with the custody of the relevant Note, provide certain information prescribed by the Act to enable the Participant to establish that such beneficial owner of a Note is exempted from the requirement for Japanese taxes to be withheld or deducted (the "**Interest Recipient Information**") and advise the Participant if such beneficial owner of a Note ceases to be so exempted, including the case where the relevant beneficial owner of the Note who is an individual non-resident of Japan or a non-Japanese corporation becomes a Specially-Related Person of the Issuer.

- (c) *Notes not held by a Participant:* Where a Note, Coupon or Receipt is not held by a Participant, in order to receive payments free of withholding or deduction by the Issuer for, or on account of, Japanese taxes, if the relevant beneficial owner of a Note, Coupon or Receipt is:

- (i) an individual non-resident of Japan or a non-Japanese corporation that in either case is not a Specially-Related Person of the Issuer; or
- (ii) a Designated Financial Institution,

all in accordance with the Act, such beneficial owner of a Note, Coupon or Receipt must, prior to each date on which it receives interest, submit to the Issuer or a Paying Agent, as appropriate, a written application for tax exemption (*hikazei tekiyo shinkokusho*) (a "**Written Application for Tax Exemption**") in the form obtainable from the Issuer or any Paying Agent, as appropriate, stating, among other things, the name and address (and, if applicable, the Japanese individual or corporation ID number) of such beneficial owner of a Note, Coupon or Receipt, the title of the Notes, the relevant interest payment date, the amount of interest

payable and the fact that such beneficial owner of a Note, Coupon or Receipt is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

- (d) *Deemed representation:* By subscribing for the Notes, a Holder will be deemed to have represented that it is a beneficial owner who is, (i) for Japanese tax purposes, neither an individual resident of Japan or a Japanese corporation, nor an individual non-resident of Japan or a non-Japanese corporation that in either case is a Specially Related Person of the Issuer or (ii) a Designated Financial Institution.
- (e) *Reimbursement:* If (i) subsequent to making a payment on the Notes, the Coupons or the Receipts without withholding or deduction of Japanese taxes, the Issuer is required to remit to the Japanese taxing authority any amount in respect of Japanese taxes that should have been withheld or deducted from such payment (together with any interest and penalties) due to the failure of the beneficial owner to provide accurate Interest Recipient Information or to otherwise properly claim an exemption from Japanese taxes imposed with respect to such payment, and (ii) such beneficial owner would not have been entitled to receive Additional Amounts with respect to such payment had Japanese taxes been withheld from the payment when it was made, such beneficial owner (but not any subsequent beneficial owner of the Notes, the Coupons or the Receipts) shall be required to reimburse the Issuer, in Japanese Yen, for the amount remitted by the Issuer to the Japanese taxing authority.
- (f) *Taxing jurisdiction:* If the Issuer becomes subject at any time to any taxing jurisdiction other than Japan, references in these Conditions to Japan shall be construed as references to Japan and/or such other jurisdiction.

16. **Events of Default**

- (a) *Application:* This Condition 16 (*Events of Default*) is applicable only to the Unsubordinated Notes, and Condition 16(b)(vi) and Condition 16(b)(vii) only applies to BTMU.

- (b) *Acceleration Events:* If an Acceleration Event occurs and is continuing, and **provided that** no Non-Viability Event has occurred, then the Trustee at its discretion may and, if so requested in writing by Holders of at least one-quarter of the aggregate principal amount of the outstanding Notes or if so directed by an Extraordinary Resolution, shall (subject to the Trustee having been prefunded, indemnified and/or provided with security to its satisfaction) give written notice to MUFG declaring the Notes to be immediately due and payable, whereupon they shall become immediately due and payable at their Early Termination Amount together with accrued interest (if any) without further action or formality. Except as provided above, neither the Trustee nor the Holders of the Notes will have any right to accelerate any payment of principal or interest in respect of the Notes and no other event shall constitute an event of default.

If a court of competent jurisdiction shall (i) rescind or terminate a bankruptcy action with respect to MUFG without a distribution of assets pursuant to the Bankruptcy Law, (ii) rescind or terminate a corporate reorganisation proceeding with respect to MUFG without approving the corporate reorganisation plan pursuant to the Corporate Reorganisation Law, or (iii) rescind or terminate a civil rehabilitation proceeding with respect to MUFG without approving the civil rehabilitation plan, or a Summary Rehabilitation Order or Consent Rehabilitation Order is issued, pursuant to the Civil Rehabilitation Law, then such Acceleration Event shall have the same effect as if it had not occurred.

18. **Non-Viability Write-Down (MUFG only)**

- (a) *Application:* This Condition 18 (*Non-Viability Write-Down*) is applicable only to the Subordinated Notes issued by MUFG.
- (b) *Effect of Non-Viability Event and Non-Viability Write-Down:* Notwithstanding anything to the contrary contained in these Conditions or the Trust Deed, upon the occurrence of a Non-Viability Event, no amounts (including an amount due under Condition 27 (*Currency Indemnity*)) under the Subordinated Notes, other

than with respect to principal, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*), that have become due and payable prior to the occurrence of the Non-Viability Event (as identified in paragraph (ii) of this Condition 18(b) (*Non-Viability Write-Down - Effect of Non-Viability Event and Non-Viability Write-Down*) below), shall thereafter become due, and MUFG's obligations with respect to, and any claims for, the payment of any such amounts, except for payments of principal, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*) that have become due and payable prior to the occurrence of the Non-Viability Event, will be suspended from the occurrence of the Non-Viability Event until the Write-Down Date.

On the Write-Down Date:

- (i) the full principal amount, any Additional Amounts, interest and any other amount under each Subordinated Note shall be permanently written down to zero, MUFG shall be discharged and released from any and all of its obligations to pay the full principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes, and the Subordinated Notes shall be cancelled and all references to the principal amount, any Additional Amounts, interest and any other amount under the Subordinated Notes shall be construed accordingly, in each case other than principal amount, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*) that have become due and payable prior to the occurrence of the Non-Viability Event;
- (ii) MUFG's obligations shall remain with respect to (A) any accrued and unpaid interest on or principal of the Subordinated Notes and (B) any Additional Amounts and any other amount due under Condition 27 (*Currency Indemnity*), in the case of each of subparagraphs (A) and (B) of this paragraph (ii), if and only to the extent that such interest or Additional Amount or principal or other amount, as applicable, became due and payable to the Holders of such Subordinated Notes prior to the occurrence of the Non-Viability Event; and
- (iii) the Holders of Subordinated Notes shall be deemed to have irrevocably waived their right to claim or receive, and no longer have any rights against MUFG with respect to, payment of principal, any Additional Amounts, interest and any other amount under the Subordinated Notes, except as described in paragraph (ii) above.

The events described in paragraphs (i) through (iii) are referred to as a "**Non-Viability Write-Down**".

Upon the occurrence of a Non-Viability Event, other than any claims with respect to principal, any Additional Amounts, interest and any other amount due under Condition 27 (*Currency Indemnity*) that have become due and payable prior to the occurrence of the Non-Viability Event:

- (A) the Holders of such Subordinated Notes shall have no rights whatsoever under the Trust Deed or the Subordinated Notes to take any action or enforce any rights or to instruct the Trustee to take any action or enforce any rights whatsoever;
- (B) except for any pre-funding, indemnity and/or security provided by any Holder of such Subordinated Notes in such instruction or related to such instruction, any instruction previously given to the Trustee by any Holders of such Subordinated Notes (by way of Extraordinary Resolution or otherwise) shall cease automatically and shall be null and void and of no further effect;
- (C) no Holder of such Subordinated Notes may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by MUFG arising under, or in connection with, the Subordinated Notes and each Holder of the Subordinated Notes shall, by virtue of its holding of any Subordinated Notes, be deemed to have irrevocably waived all such rights of set-off, compensation or retention;
- (D) no Holder of such Subordinated Notes shall be entitled to make any claim in any bankruptcy, insolvency, liquidation or other similar proceedings involving MUFG or have any ability to initiate or participate in any such proceedings or do so through a representative; and
- (E) if any payment on such Subordinated Notes is made to the Holder of such Subordinated Notes with respect to a payment obligation that did not become due and payable prior to the occurrence of the Non-Viability Event, then the payment of such amount shall be deemed null and void and the Holder shall be obliged to return the amount of such payment immediately.

-
- (c) *Non-Viability Write-Down Notice:* As soon as practicable following the occurrence of a Non-Viability Event, MUFG shall give a written notice to the Holders of the Subordinated Notes in accordance with Condition 26 (*Notices*) and to the Trustee, and such written notice (a "**Non-Viability Write-Down Notice**") shall (i) state that a Non-Viability Event has occurred and a Non-Viability Write-Down will therefore take place on the Write-Down Date, and (ii) specify the Write-Down Date. Any failure or delay by MUFG to provide a Non-Viability Write-Down Notice shall not change or delay the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes.

Following the receipt of a Non-Viability Write-Down Notice, Euroclear and/or Clearstream, Luxembourg are expected to suspend all clearance and settlement of the Subordinated Notes through each of them, and after such suspension, to mark-down all positions relating to the Subordinated Notes on its records to reflect the Non-Viability Write-Down. However, the records of Euroclear and Clearstream, Luxembourg (or any other relevant clearing system) and/or any custodian through which an investor may be holding the Subordinated Notes may not be updated, or there may be a delay in updating such records, for the Non-Viability Event, or Euroclear and Clearstream, Luxembourg (or any other relevant clearing system) and/or any custodian through which an investor may be holding the Subordinated Notes may not suspend, or may delay in suspending, all such clearance and settlement of the Subordinated Notes. All clearance and settlement of the Subordinated Notes, whether prior to the occurrence of the Non-Viability Event or thereafter, through any of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) and any custodian through which an investor may be holding the Subordinated Notes will be subject to procedures of each of them that are in place at such time. Notwithstanding the foregoing, the holders of the Subordinated Notes will not have any rights against MUFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event, the Non-Viability Write-Down shall take place on the Write-Down Date, and the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes shall not be changed or delayed. See "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Subordinated Notes — Uncertainties around settlement of Subordinated Notes following a Non-Viability Write-Down Notice being given" and "Book-Entry Clearance Procedures — Write-Down".

19. **Prescription**

Claims for principal in respect of Bearer Notes shall become void unless the relevant Bearer Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest in respect of Bearer Notes shall become void unless the relevant Coupons or Receipts are presented for payment within five years of the appropriate Relevant Date. Claims for principal and interest on redemption in respect of Registered Notes shall become void unless the relevant Note Certificates are surrendered for payment within ten years of the appropriate Relevant Date.

20. **Replacement of Notes, Coupons and Receipts**

If any Note, Note Certificate, Coupon or Receipt is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Principal Paying Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Paying Agent or Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Note Certificates, Coupons or Receipts must be surrendered before replacements will be issued.

21. **Trustee and Agents**

Under the Trust Deed, the Trustee is entitled to be indemnified and relieved from responsibility in certain circumstances and to be paid its costs and expenses in priority to the claims of the Noteholders. In addition, the Trustee is entitled to enter into business transactions with the Issuer and any entity relating to the Issuer without accounting for any profit.

In the exercise of its powers and discretions under these Conditions and the Trust Deed, the Trustee will have regard to the interests of the Noteholders as a class and will not be responsible for any consequence for individual Holders of Notes as a result of such Holders being connected in any way with a particular territory or taxing jurisdiction.

In acting under the Agency Agreement and in connection with the Notes, the Coupons and the Receipts, the Agents act solely as agents of the Issuer and (to the extent provided therein) the Trustee and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders, Couponholders or Receiptholders.

The initial Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right (with the prior approval of the Trustee) at any time to vary or terminate the appointment of any Agent and to appoint a successor principal paying agent or registrar or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (i) the Issuer shall at all times maintain a principal paying agent and a registrar; and
- (ii) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (iii) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent and/or a Transfer Agent in any particular place, the Issuer shall maintain a Paying Agent and/or a Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders.

22. **Meetings of Noteholders; Modification and Waiver**

- (a) *Meetings of Noteholders:* The Trust Deed contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer or by the Trustee and shall be convened by the Trustee upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than two-thirds or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, Couponholders and Receiptholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification and waiver:* The Trustee may, without the consent of the Noteholders, agree to any modification of these Conditions or the Trust Deed (other than in respect of a Reserved Matter) which is, in the opinion of the Trustee, proper to make if, in the opinion of the Trustee, such modification will not be materially prejudicial to the interests of Noteholders and to any modification of the Notes or the Trust Deed which is of a formal, minor or technical nature or is to correct a manifest error.

Notwithstanding the foregoing, no amendment or modification which is prejudicial to any present or future creditor in respect of any Senior Indebtedness shall be made to the subordination provision contained in these Conditions or the Trust Deed. No such amendment shall in any event be effective against any such creditor.

In addition, the Trustee may, without the consent of the Noteholders, authorise or waive any proposed breach or breach of the Notes or the Trust Deed (other than a proposed breach or breach relating to the subject of a Reserved Matter) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby.

Unless the Trustee agrees otherwise, any such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

23. **Enforcement**

The Trustee may at any time, at its discretion and without notice, institute such proceedings as it thinks fit to enforce its rights under the Trust Deed in respect of the Notes, but it shall not be bound to do so unless:

- (i) it has been so requested in writing by the Holders of at least one-quarter of the aggregate principal amount of the outstanding Notes or has been so directed by an Extraordinary Resolution; and
- (ii) it has been indemnified or provided with security to its satisfaction.

No Noteholder may proceed directly against the Issuer unless the Trustee, having become bound to do so, fails to do so within a reasonable time and such failure is continuing.

24. **Limitations of Certain Rights (MUFG only)**

(a) *Application:* This Condition 24 (*Limitations of Certain Rights*) is applicable only to the Unsubordinated Notes issued by MUFG.

(b) *Limitations of Enforcement and Other Rights:* Notwithstanding any other provisions of these Conditions and the Trust Deed, each Noteholder and the Trustee will be deemed to have acknowledged, accepted, consented and agreed, whether or not notice of such event shall have been given by the Issuer:

- (i) that, for a period of 30 days from the time the Prime Minister of Japan confirms (*nintei*) that any measures (*tokutei dai nigo sochi*) set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (or any successor provision thereto) need to be applied to the Issuer, the ability of Noteholders and the Trustee to enforce the rights under the Trust Deed and the Notes shall be subject to the limitations on the right to obtain attachment against the Issuer's assets set forth in Article 126-16 of the Deposit Insurance Act (or any successor provision thereto); and
- (ii) that neither the Trust Deed nor the Notes shall limit any sales, assignments, transfers or conveyances of business made with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), including any such sales, assignments, transfers or conveyances made pursuant to the authority of the DIC to represent and manage and dispose of the Issuer's assets under Article 126-5 of the Deposit Insurance Act (or any successor provision thereto) with the permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), and that any such sales, assignments, transfers or conveyances shall not constitute an Event of Default or a breach of these Conditions.

(c) *Limited Rights of Set-off:* Each Noteholder will agree, by the acceptance of any interest in a Note, that, if:

- (i) the Issuer shall institute proceedings seeking adjudication of its bankruptcy or seeking reorganisation under the Bankruptcy Law, the Civil Rehabilitation Law, the Corporate Reorganisation Law, the Company Law or any other similar applicable law of Japan, and so long as such proceedings shall have continued, or a decree or order by any court having jurisdiction shall have been issued adjudging the Issuer bankrupt or insolvent or approving a petition seeking reorganisation under any such laws, and as long as such decree or order shall have continued undischarged or unstayed; or
- (ii) the Issuer's liabilities exceed, or may exceed, its assets, or the Issuer suspends, or may suspend, repayment of its obligations,

the holders of the Notes shall not be entitled to exercise any right to set off any of the Issuer's liabilities under such Notes against any liabilities of the relevant Holder owed to the Issuer.

25. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders and in accordance with the Trust Deed, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes. The Issuer may from time to time, with the consent of the Trustee, create and issue other series of notes having the benefit of the Trust Deed.

26. **Notices**

- (a) *Bearer Notes:* Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe and, if the Bearer Notes are admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*). Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders and Receiptholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes in accordance with this Condition.
- (b) *Registered Notes:* Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register or if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe and, if the Registered Notes are admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, notices to Noteholders will be published on the date of such mailing in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*). Any such notice shall be deemed to have been given on the fourth day after the date of mailing, or if posted to an overseas address on the fifth day after the date of posting.

27. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes, the Coupons or Receipts or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Principal Paying Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity (in the case of Subordinated Notes, subject to the subordination provisions provided in Condition 4(b) (*Status - Status of the Subordinated Notes*) and a Non-Viability Write Down provided in Condition 18 (*Non-Viability Write Down*)) constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

28. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

29. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and the Trust Deed and all non-contractual obligations arising out of or in connection with the Notes and the Trust Deed are governed by English law.
- (b) *Jurisdiction:* Each Issuer has in the Trust Deed (i) agreed that the courts of England shall have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes; (ii) agreed that those courts are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue that any other courts are more appropriate or convenient; and (iii) designated The Bank of Tokyo-Mitsubishi UFJ, Ltd., London Branch, presently at Ropemaker Place, 25 Ropemaker Street, London EC2Y 9AN, United Kingdom, to accept service of any process on its behalf. The Trust Deed also states that nothing contained in the Trust Deed prevents the Trustee or any of the Noteholders from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction and that, to the extent allowed by law, the Trustee or any of the Noteholders may take concurrent Proceedings in any number of jurisdictions.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Bearer Notes

The Temporary Global Notes and the Permanent Global Notes contain provisions which apply to the Bearer Notes while they are in global form, some of which modify the effect of the Conditions of the Notes as described herein. The following is a summary of certain of those provisions:

1. *Exchange*

On and after the date (the "Exchange Date") which is 40 days after the later of (i) the date on which the Temporary Global Note is issued and (ii) the completion of the Distribution Compliance Period, interests in the Temporary Global Note will be exchangeable (free of charge), upon request as described therein, for interests in a Permanent Global Note (without receipts, interest coupons or talons) against certification of beneficial ownership as described herein unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless exchange of the Temporary Global Note is improperly withheld or refused. A Permanent Global Note will be exchangeable (free of charge) in whole for security printed definitive Notes with, where applicable, interest coupons, talons or receipts attached if: (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, or (b) any applicable Event of Default as set out in Condition 16 (*Events of Default*) occurs in respect of any Unsubordinated Notes. Global Notes and definitive Notes will be issued pursuant to the Trust Deed and the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regards Notes in global form as fungible with Notes in definitive form.

In the event that a Permanent Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination. For the avoidance of doubt, in relation to any issue of Notes which are expressed to be Temporary Global Notes exchangeable for definitive Notes on or after the Exchange Date, such notes shall be tradable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination).

2. *Payments*

Whilst any Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date will be made against presentation of the Temporary Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

Payments of principal and interest (if any) on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Global Note without any requirement for certification.

Whilst any Note is represented by a Global Note, the relevant Payment Business Day shall be, if the currency of payment is Euro, any day which is a TARGET Settlement Day (as defined in Condition 2(a) (*Interpretation — Definitions*)) and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not Euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

4. **Meetings**

The holder of a Permanent Global Note shall (unless the Permanent Global Note represents only one Note) be treated as two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each Unit (as defined in the Trust Deed) for which such permanent global Note may be exchanged.

5. **Purchase and Cancellation**

Cancellation of any Note surrendered for cancellation following its purchase will be effected by (i) in the case of a CGN, reduction in the principal amount of the relevant Global Note, or (ii) in the case of an NGN, details of the cancellation being entered in the records of Euroclear or Clearstream, Luxembourg.

6. **Notices**

Notices in respect of Notes represented by a Global Note need not be published in accordance with Condition 26 (*Notices*) but may be given by delivery of copies of such notices (where the Global Note is held by the Common Depositary or the Common Safekeeper for Euroclear and Clearstream, Luxembourg) to Euroclear and Clearstream, Luxembourg for communication by them to entitled accountholders. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the notice was given to Euroclear and Clearstream, Luxembourg.

In the case of a partial redemption of Notes pursuant to Condition 11(d) (*Redemptions at the option of the Issuer*), while the Notes which are outstanding are represented by a Permanent Global Note, the Notes to be redeemed will not be selected by lot but will be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date").

No exchange of the Permanent Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to Condition 11(f) (*Redemptions and Repurchases — Partial redemption*) and notice to that effect shall be given by the relevant Issuer to the Noteholders at least 5 days prior to the Selection Date.

Registered Notes

The Global Note Certificates contain provisions which apply to the Registered Notes while they are in global form, some of which modify the effect of the Conditions of the Notes as described herein. The following is a summary of certain of those provisions:

1. **Exchange**

If the applicable Final Terms state that the Notes are to be evidenced by a Global Note Certificate upon issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an alternative clearing system. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

A Global Note Certificate may be exchanged in whole (but not in part) for Individual Note Certificates if:

(a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a

continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, or (b) any applicable Event of Default as set out in Condition 16 (*Events of Default*) occurs in respect of any Unsubordinated Notes.

2. Payments

Whilst any Note is evidenced by a Global Note Certificate, the relevant Payment Business Day shall be, if the currency of payment is Euro, any day which is a TARGET Settlement Day (as defined in Condition 2(a) (*Interpretation — Definitions*)) and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not Euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Each payment made in respect of a Registered Note evidenced by a Global Note Certificate will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the first Clearing System Business Day before the due date for such payment with respect to a Registered Note evidenced by a Global Note Certificate where "Clearing System Business Day" means a day on which each clearing system for which the relevant Global Note Certificate is being held is open for business.

3. Prescription

Claims in respect of principal and interest in respect of Notes which are evidenced by a Global Note Certificate will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date.

4. Meetings

The holder of Notes evidenced by a Global Note Certificate shall (unless the Global Note Certificate evidences only one Note) be treated as two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each Unit (as defined in the Trust Deed) for which such permanent global Note may be exchanged.

5. Purchase and Cancellation

Cancellation of any Global Note Certificate surrendered for cancellation following the purchase of any Notes evidenced thereby will be effected by details of the cancellation being entered in the records of Euroclear or Clearstream, Luxembourg.

6. Notices

Notices in respect of Notes evidenced by a Global Note Certificate need not be mailed in accordance with Condition 26 (*Notices*) but may be given by delivery of copies of such notices to Euroclear and Clearstream, Luxembourg, for communication by them to entitled accountholders. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the notice was given to Euroclear or Clearstream, Luxembourg, as the case may be.

Further, for so long as such Notes are admitted to trading on the Euro MTF Market and it is a requirement of applicable law or regulations, such notices shall also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) or by the Issuer in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*).

Non-Viability Write-Down for Subordinated Notes

The Trust Deed contains provisions which apply to the Non-Viability Write-Down for the Subordinated Notes while they are in global form, which modify the effect of the Conditions of the Subordinated Notes as described herein. Notwithstanding anything to the contrary contained in the Conditions or the Trust Deed, or any delay in or failure by Euroclear and Clearstream, Luxembourg (or any other relevant clearing system) and/or any custodian through which an investor may be holding the Subordinated Notes in making notification to holders of the Subordinated Notes through its notification systems, suspending all clearance and settlement of the Subordinated Notes, and/or reflecting the Non-Viability Write-Down on its systems, the holders of the Subordinated Notes will not have any rights against MUFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event, the Non-

Viability Write-Down shall take place on the Write-Down Date and the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes shall not be changed or delayed.

In the case of Subordinated Notes represented by a Temporary Global Note or a Permanent Global Note, and Subordinated Notes evidenced by a Global Note Certificate, the term "Business Day" for the purposes of the term "Write-Down Date" must also be a day on which each clearing system for which such Temporary Global Note, Permanent Global Note or Global Note Certificate is being held is open for business.

FORM OF FINAL TERMS

The Final Terms in respect of each Tranche of Notes will be substantially in the following form and completed to reflect the particular terms of the relevant Notes and their issue.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS: The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC ("IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "Prospectus Directive"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]¹

TAXATION

Taxation in Japan

The following is a general description of certain Japanese tax aspects of the Notes and does not purport to be a comprehensive description of the tax aspects of the Notes. Prospective purchasers should note that, although the general tax information on Japanese taxation is described hereunder for convenience, the statements below are general in nature and not exhaustive. Prospective purchasers are advised to consult their own legal, tax, accountancy or other professional advisors in order to ascertain their particular circumstances regarding taxation.

The statements below are based on current tax laws and regulations in Japan and current tax treaties executed by Japan all as in effect on the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect). Neither such statements nor any other statements in this document are to be regarded as advice on the tax position of any beneficial owner of the Notes or any person purchasing, selling or otherwise dealing in the Notes or any tax implication arising from the purchase, sale or other dealings in respect of the Notes.

Capital Gains, Stamp Tax and Other Similar Taxes, Inheritance and Gift Taxes

Gains derived from the sale of Notes outside Japan by an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan are, in general, not subject to Japanese income tax or corporate tax.

No stamp, issue, registration or similar taxes or duties will, under current Japanese law, be payable in Japan by holders of Notes in connection with the issue of the Notes, nor will such taxes be payable by holders of Notes in connection with their transfer if such transfer takes place outside Japan.

Japanese inheritance tax or gift tax at progressive rates may be payable by an individual, wherever resident, who has acquired Notes from another individual as legatee, heir or donee.

Representation by Investor upon Distribution of Notes

BY SUBSCRIBING THE NOTES, AN INVESTOR WILL BE DEEMED TO HAVE REPRESENTED THAT IT IS A PERSON WHO FALLS INTO THE CATEGORY OF (i) OR (ii) BELOW. The Notes are not, as part of the distribution by the Dealers at any time, to be directly or indirectly offered or sold to, or for the benefit of, any person other than a beneficial owner that is, (i) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation, nor (y) an individual non-resident of Japan or a non-Japanese corporation that in either case is a Specially-Related Person of the Issuer (as defined below) or (ii) a Designated Financial Institution, except as specifically permitted under the Special Taxation Measures Act.

Payments of Interest and Redemption Gain on Notes

The following description of Japanese taxation (limited to national taxes) applies exclusively to interest on Notes and the redemption gain, meaning any difference between the acquisition price of the interest-bearing Notes of the holder and the amount which the holder receives upon redemption of such interest-bearing Notes (the "Redemption Gain"), where such Notes are issued by the Issuer outside Japan and payable outside Japan. In addition, the following description assumes that only global notes are issued for the Notes, and no definitive notes or coupons or receipts that are independently traded are issued, in which case different tax consequences may apply. It is not intended to be exhaustive and prospective purchasers are recommended to consult their tax advisers as to their exact tax position.

1. Non-resident Investors

If the recipient of interest on the Notes or of the Redemption Gain with respect to interest-bearing Notes is an individual non-resident of Japan or a non-Japanese corporation for Japanese tax purposes, as described below, the Japanese tax consequences on such individual non-resident of Japan or non-Japanese corporation are significantly different depending upon whether such individual non-resident of Japan or non-Japanese corporation is a Specially-Related Person of the Issuer or whether such Notes are Taxable Linked Notes (as defined below). Most importantly, if such individual non-resident of Japan or non-Japanese corporation is a Specially-Related Person of the Issuer or if such Notes are Taxable Linked Notes, income tax at the rate of 15.315 per cent. of the amount of such interest will be withheld by the Issuer of the relevant Notes under Japanese tax law.

(I) Notes other than Taxable Linked Notes

This paragraph (I) applies only to Notes that are not Taxable Linked Notes.

(a) Interest

- (1) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan or having a permanent establishment within Japan but where the receipt of the interest on the Notes is not attributable to the business of such individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, no Japanese income tax or corporate tax is payable with respect to such interest whether by way of withholding or otherwise, if such recipient complies with certain requirements, *inter alia*:
- (i) if the relevant Notes are held through a Participant, the requirement to provide, at the time of entrusting a Participant with the custody of the relevant Notes, the Interest Recipient Information, and to advise the Participant if such individual non-resident of Japan or non-Japanese corporation ceases to be so exempted (including the case where it became a Specially-Related Person of the Issuer (as defined below)); and
 - (ii) if the relevant Notes are not held by a Participant, the requirement to submit to the relevant Paying Agent a Written Application for Tax Exemption, together with certain documentary evidence.

Failure to comply with such requirements described above (including the case where the Interest Recipient Information is not duly communicated as required under the Act) will result in the withholding by the Issuer of the relevant Notes of income tax at the rate of 15.315 per cent. of the amount of such interest.

- (2) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment within Japan and the receipt of interest is carried on within Japan through such permanent establishment, such interest will not be subject to a 15.315 per cent. withholding tax by the Issuer of the relevant Notes, if the recipient provides the Interest Recipient Information or submits the Written Application for Tax Exemption as set out in paragraph (a)(1) above. Failure to do so will result in the withholding by the Issuer of the relevant Notes of income tax at the rate of 15.315 per cent. of the amount of such interest. The amount of such interest will be subject to regular income tax or corporate tax, as appropriate.
- (3) Notwithstanding paragraphs (a)(1) and (2) above, if an individual non-resident of Japan or a non-Japanese corporation mentioned above is a person who has a special relationship with the Issuer of the relevant Notes (that is, in general terms, a person who directly or indirectly controls or is directly or indirectly controlled by, or is under direct or indirect common control with, such Issuer) within the meaning prescribed by the Cabinet Order under Article 6, Paragraph 4 of the Special Taxation Measures Act (such person is referred to as a "Specially-Related Person of such Issuer") as of the beginning of the fiscal year of such Issuer in which the relevant interest payment date falls, the exemption from Japanese withholding tax on interest mentioned above will not apply, and income tax at the rate of 15.315 per cent. of the amount of such interest will be withheld by such Issuer. If such individual non-resident of Japan or non-Japanese corporation has a permanent establishment within Japan, regular income tax or corporate tax, as appropriate, collected otherwise by way of withholding, could apply to such interest under Japanese tax law.
- (4) If an individual non-resident of Japan or a non-Japanese corporation (regardless of whether it is a Specially-Related Person of the Issuer) is subject to Japanese withholding tax with respect to interest on the Notes under Japanese tax law, a reduced rate of withholding tax or exemption from such withholding tax may be

available under the relevant income tax treaty between Japan and the country of tax residence of such individual non-resident of Japan or non-Japanese corporation. As of the date of this document, Japan has income tax treaties, conventions or agreements whereby the above-mentioned withholding tax rate is reduced, generally to 10 per cent. with, *inter alia*, Australia, Austria, Belgium, Canada, Denmark, Finland, France, Hong Kong, Ireland, Italy, Luxembourg, the Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Switzerland and the United States of America. Under the tax treaties between Japan and the United Kingdom, Germany or Sweden, interest paid to qualified United Kingdom, German or Swedish residents is generally exempt from Japanese withholding tax. Japan and the United States of America or Austria have also signed an amendment to the existing tax treaty generally exempting interest from Japanese withholding tax; however, this amendment has not yet entered into force. Under the current income tax treaty between Japan and the United States of America, certain limited categories of qualified United States residents receiving interest on the Notes may, subject to compliance with certain procedural requirements under Japanese law, be fully exempt from Japanese withholding tax for interest on the Notes. Under the income tax treaties with France, Australia, the Netherlands and Switzerland, similar exemptions to those provided in the current income tax treaty between Japan and the United States of America will be available (provided that no exemption will apply to pension funds in the case of Australia). In order to enjoy such reduced rate of, or exemption from, Japanese withholding tax under any applicable income tax treaty, individual non-residents of Japan or non-Japanese corporations which are entitled, under any applicable income tax treaty, to a reduced rate of, or exemption from, Japanese withholding tax on payment of interest by the Issuer of the relevant Notes are required to submit an Application Form for Income Tax Convention regarding Relief from Japanese Income Tax and Special Income Tax for Reconstruction on Interest (as well as any other required forms and documents) in advance through the Issuer of the relevant Notes to the relevant tax authority before payment of interest.

- (5) Under the Act, (A) if an individual non-resident of Japan or a non-Japanese corporation that is a beneficial owner of the Notes becomes a Specially-Related Person of the Issuer, or an individual non-resident of Japan or a non-Japanese corporation that is a Specially-Related Person of the Issuer becomes a beneficial owner of the Notes, and (B) if such Notes are held through a Participant, then such individual non-resident of Japan or non-Japanese corporation should notify the Participant of such change in status by the immediately following interest payment date of the Notes. As described in paragraph (a)(3) above, as the status of such individual non-resident of Japan or non-Japanese corporation as a Specially-Related Person of the Issuer for Japanese withholding tax purposes is determined based on the status as of the beginning of the fiscal year of the Issuer of the relevant Notes in which the relevant interest payment date falls, such individual non-resident of Japan or non-Japanese corporation should, by such notification, identify and advise the Participant of the specific interest payment date on which Japanese withholding tax starts to apply with respect to such individual non-resident of Japan or non-Japanese corporation as being a Specially-Related Person of the Issuer.

(b) Redemption Gain

- (1) If the recipient of the Redemption Gain is an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan or having a permanent establishment within Japan but where the receipt of such Redemption Gain is not attributable to the business of such individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, no income tax or corporate tax is payable by way of withholding or otherwise with respect to such Redemption Gain.
- (2) If the recipient of the Redemption Gain is an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment within Japan and

the receipt of such Redemption Gain is attributable to the business of such individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, such Redemption Gain will not be subject to any withholding tax but will be subject to regular income tax or corporate tax, as appropriate.

- (3) Notwithstanding paragraphs (b)(1) and (2) above, if an individual non-resident of Japan or a non-Japanese corporation mentioned above is a Specially-Related Person of the Issuer as of the beginning of the fiscal year of the Issuer of the relevant Notes in which such individual non-resident of Japan or non-Japanese corporation acquired such Notes, the Redemption Gain will not be subject to withholding tax but will be subject to regular income tax or corporate tax, as appropriate, under Japanese tax law, regardless of whether such individual non-resident of Japan or non-Japanese corporation has a permanent establishment within Japan, provided that exemption may be available under the relevant income tax treaty.

(II) Taxable Linked Notes

"Taxable Linked Notes" means those Notes of which the amount of interest is to be calculated by reference to certain indexes (as prescribed by the Cabinet Order under Article 6, Paragraph 4 of the Special Taxation Measures Act) relating to the Issuer or a Specially-Related Person of the Issuer of the relevant Notes, such indexes including the amount of profits or gross revenues relating to the business of, the fair market value of assets owned by, or the amount of dividends or other distributions paid by, the Issuer of the relevant Notes or a Specially-Related Person of the Issuer. If the Notes are Taxable Linked Notes:

- (a) The exemption from Japanese withholding tax on interest mentioned in paragraphs (I)(a)(1) and (I)(a)(2) above will not apply to an individual non-resident of Japan or a non-Japanese corporation (even if it is not a Specially-Related Person of the Issuer), and income tax at the rate of 15.315 per cent. of the amount of such interest will be withheld by the Issuer of the relevant Notes. A reduced rate of withholding tax or exemption from withholding tax may be available depending upon the terms of the relevant income tax treaty, as described in paragraph (I)(a)(4) above. If an individual non-resident of Japan or a non-Japanese corporation has a permanent establishment within Japan, regular income tax or corporate tax, as appropriate, collected otherwise by way of withholding, will apply to such interest depending upon the terms of Japanese tax law.
- (b) The Redemption Gain will not be subject to withholding tax but will be subject to regular income tax or corporate tax, as appropriate, under Japanese tax law, regardless of whether an individual non-resident of Japan or a non-Japanese corporation has a permanent establishment within Japan; provided that exemption may be available depending upon the terms of the relevant income tax treaty.

2. *Resident Investors*

If the recipient of interest on the Notes is an individual resident of Japan or a Japanese corporation for Japanese tax purposes, as described below, regardless of whether such recipient is a Specially-Related Person of the Issuer or whether the Notes are Taxable Linked Notes, in addition to any applicable local tax, income tax will be withheld at the rate of 15.315 per cent. of the amount of such interest, if such interest is paid to an individual resident of Japan or a Japanese corporation (except for (i) a Designated Financial Institution which complies with the requirement for tax exemption under Article 6, Paragraph 9 of the Special Taxation Measures Act or (ii) a Public Corporation (as defined below) or a Specified Financial Institution (as defined below) to which such interest is paid through the Japanese Custodian (as defined below) in compliance with the requirement for tax exemption under Article 3-3, Paragraph 6 of Special Taxation Measures Act). In addition to the withholding tax consequences upon resident investors as explained in this section 2, resident investors should consult their own tax advisors regarding their regular income tax or corporate tax consequences other than by way of withholding, bearing in mind, especially for individual residents of Japan, the change to the taxation regime of Notes that took effect on 1 January 2016.

(a) Interest

- (1) If an individual resident of Japan or a Japanese corporation (other than a Specified Financial Institution or a Public Corporation, who complies with the requirement as

referred to in paragraph (a)(2) below) receives payments of interest on the Notes through certain Japanese payment handling agents as defined in Article 2-2, Paragraph 2 of the Cabinet Order (each a "Japanese Payment Handling Agent"), income tax at the rate of 15.315 per cent. of the amount of such interest will be withheld by the Japanese Payment Handling Agent rather than by the Issuer of the relevant Notes. As no Issuer is in a position to know in advance the recipient's status, the recipient of interest falling within this category should inform the Issuer of the relevant Notes through a Paying Agent of its status in a timely manner. Failure to so inform may result in double withholding.

- (2) If the recipient of interest on the Notes is a Japanese public corporation or a Japanese public-interest corporation designated by the relevant law (*kokyohojin tou*) (a "Public Corporation") or a Japanese bank, a Japanese insurance company, a Japanese financial instruments business operator or other Japanese financial institution falling under certain categories prescribed by the relevant Cabinet Order under Article 3-3, Paragraph 6 of the Special Taxation Measures Act (each, a "Specified Financial Institution") that keeps its Notes deposited with, and receives the interest through, a Japanese Payment Handling Agent with custody of the Notes (the "Japanese Custodian") and such recipient submits through such Japanese Custodian to the competent tax authority the report prescribed by the Act, no withholding tax is levied on such interest. However, since no Issuer is in a position to know in advance the recipient's such tax exemption status, the recipient of interest falling within this category should inform the Issuer of the relevant Notes through a Paying Agent of its status in a timely manner. Failure to so notify the Issuer of the relevant Notes may result in the withholding by such Issuer of a 15.315 per cent. income tax.
- (3) If an individual resident of Japan or a Japanese corporation (except for a Designated Financial Institution which complies with the requirements described in paragraph (a)(4) below) receives interest on the Notes not through a Japanese Payment Handling Agent, income tax at the rate of 15.315 per cent. of the amount of such interest will be withheld by the Issuer of the relevant Notes.
- (4) If a Japanese bank, Japanese insurance company, Japanese financial instruments business operator or a Designated Financial Institution receives interest on the Notes not through a Japanese Payment Handling Agent and such recipient complies with the requirement, inter alia, to provide the Interest Recipient Information or to submit the Written Application for Tax Exemption as referred to in paragraph (I)(a)(1) above, no withholding tax will be imposed.

(b) **Redemption Gain**

If the recipient of the Redemption Gain is an individual resident of Japan or a Japanese corporation, such Redemption Gain will not be subject to any withholding tax.

3. *Special Additional Tax for Reconstruction From the Great East Japan Earthquake*

Due to the imposition of a special additional withholding tax of 0.315 per cent. (or 2.1 per cent. of 15 per cent.) to secure funds for reconstruction from the Great East Japan Earthquake, the withholding tax rate has been effectively increased to 15.315 per cent. during the period beginning on 1 January 2013 and ending on 31 December 2037. There will also be certain special additional tax imposed upon regular income tax due other than by way of withholding for individual non-residents of Japan, as referred to in the foregoing descriptions, for the period designated above.

The Proposed Financial Transactions Tax ("FTT")

On 14 February, 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States"). However, Estonia has since ceased to participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Registered Notes

The relevant Issuer may make applications to Euroclear and/or Clearstream, Luxembourg for acceptance in their respective systems in respect of the Notes to be represented by a Global Note Certificate. Each Global Note Certificate deposited with, and registered in the name of, or in the name of the nominee for, the Common Depository or Common Safekeeper, as applicable, for Euroclear and/or Clearstream, Luxembourg will have an ISIN and a Common Code.

Write-Down

Write-down Procedure for Subordinated Notes held within Euroclear and/or Clearstream, Luxembourg

If a Non-Viability Event has occurred, MUGB will deliver a Non-Viability Write-Down Notice to Euroclear and/or Clearstream, Luxembourg and the holders of the Subordinated Notes via Euroclear and/or Clearstream, Luxembourg and to the Trustee as soon as practicable after the occurrence of a Non-Viability Event, but a period of delay will exist between the occurrence of a Non-Viability Event and the time that the Non-Viability Write-Down Notice is dispatched, and between the dispatch of the Non-Viability Write-Down Notice and notification to holders of the Subordinated Notes through the notification systems of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system), and the systems of any custodian through which an investor may be holding the Subordinated Notes. Following the receipt of the Non-Viability Write-Down Notice by Euroclear and/or Clearstream, Luxembourg and pursuant to its rules and procedures, Euroclear and/or Clearstream, Luxembourg will suspend all clearance and settlement of transfers that had occurred in the Subordinated Notes. After the suspension, holders will

not be able to settle the transfer of any Subordinated Notes and any sale or other transfer of the Subordinated Notes that a holder may have initiated prior to the suspension that is scheduled to settle after the suspension may be rejected by Euroclear and/or Clearstream, Luxembourg and may not be settled within Euroclear and/or Clearstream, Luxembourg subject to rules and procedures of Euroclear and/or Clearstream, Luxembourg.

In addition, as soon as practicable following its receipt of the Non-Viability Write-Down Notice, Euroclear and/or Clearstream, Luxembourg will notify its direct participants of Euroclear and/or Clearstream, Luxembourg holding the Subordinated Notes at such time of the Non-Viability Notice pursuant to its rules and procedures. After the suspension notification of the relevant notices, Euroclear and/or Clearstream, Luxembourg will mark-down all positions relating to the Subordinated Notes on its records to reflect the Non-Viability Write-Down. The actual timing of the mark-down will depend upon instructions in the Non-Viability Write-Down Notice and rules and procedures of Euroclear and/or Clearstream, Luxembourg and there can be no assurance that the mark-down process will be completed on the Write-Down Date pursuant to the rules and procedures of Euroclear and/or Clearstream, Luxembourg. Notwithstanding any delay in or failure by MUFG providing a Non-Viability Write-Down Notice or by Euroclear and/or Clearstream making notification to holders of the Subordinated Notes through its notification systems, suspending all clearance and settlement of the Subordinated Notes, and/or reflecting the Non-Viability Write-Down on its systems, the holders of the Subordinated Notes will not have any rights against MUFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event, the Non-Viability Write-Down shall take place on the Write-Down Date, and the effect of the Non-Viability Event on its payment obligations on the Subordinated Notes shall not be changed or delayed. See Condition 18(c) (*Non-Viability Write Down — Non-Viability Write-Down Notice*) and "Risk Factors — Factors which are material for the purpose of assessing the risks associated with Notes issued under the Programme — Risks Related to the Subordinated Notes — Uncertainties around settlement of Subordinated Notes following a Non-Viability Write-Down Notice being given".

SUBSCRIPTION AND SALE

Summary of the Programme Agreement

The Notes may be sold from time to time by the relevant Issuer to any one or both of MUFG Securities EMEA plc and Morgan Stanley & Co. International plc (the "Dealers"). The arrangements under which Notes may from time to time be agreed to be sold by the relevant Issuer to, and purchased by, Dealers are set out in a programme agreement dated 10 August 2017 (the "Programme Agreement") and made between the Issuers and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the relevant Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

Each of the Issuers has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

Selling Restrictions

United States

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Principal Paying Agent or the relevant Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Principal Paying Agent or the relevant Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer or such further Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prohibition of Sales to EEA Retail Investors

From 1 January 2018, unless the Final Terms in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or

-
- (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "Insurance Mediation Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive (as defined below in "Public Offer Selling Restrictions under the Prospectus Directive"); and
- (b) the expression an "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Public Offer Selling Restrictions under the Prospectus Directive

Prior to 1 January 2018, and from that date if the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "Prospectus Directive" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

In relation to each Relevant Member State, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the Relevant Implementation Date it has not made and will not make an offer of Notes which have a minimum denomination of less than EUR100,000 (or equivalent in another currency) except that it may make an offer of such Notes at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer; and
- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act and will be subject to the Special Taxation Measures Act. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that (i) it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used in this item (i) means any person that is a resident of Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and governmental guidelines of Japan; and (ii) it has not, directly or indirectly, offered or sold and will not, as part of its distribution at any time, directly or indirectly offer or sell any Notes to, or for the benefit of, any person other than a beneficial owner that is, (a) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation, nor (y) an individual non-resident of Japan or a non-Japanese corporation that in either case is a Specially-Related Person of the Issuer or (b) a Japanese financial institution, designated in Article 6, Paragraph 9 of the Special Taxation Measures Act, except as specially permitted under the Special Taxation Measures Act.

General

Each Dealer has represented, warranted and undertaken to each of the Issuers in the Programme Agreement that it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense.

Dealers

Certain of the Dealers and their affiliates have engaged, and may in future engage, in investment banking and/or commercial banking transactions and may perform services for the Issuers and their respective affiliates in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Issuers' securities, including potentially the Notes offered under the Programme. Any such short positions could adversely affect future trading prices of the Notes offered under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Mitsubishi UFJ Financial Group, Inc.

We are a bank holding company incorporated on 1 October 2005 as a joint stock company (*kabushiki kaisha*) under the Company Law of Japan. We are one of the world's largest and most diversified financial groups with total assets of ¥297.2 trillion and total deposits of ¥190.4 trillion, on a U.S. GAAP basis, as of 31 March 2017. We are the holding company for BTMU, Mitsubishi UFJ Trust and Banking Corporation ("MUTB"), Mitsubishi UFJ Morgan Stanley Securities Co., Ltd., (through Mitsubishi UFJ Securities Holdings Co., Ltd. ("MUSHD")), an intermediate holding company), Mitsubishi UFJ NICOS Co., Ltd., and other subsidiaries. For a more detailed description of our history, see "Item 4.A. Information on the Company—History and Development of the Company" in the 2017 Form 20-F.

Through our subsidiaries and affiliated companies, we engage in a broad range of financial businesses and services, including commercial banking, investment banking, trust banking and asset management services, securities businesses, and credit card businesses, and provide related services to individuals and corporate customers in Japan and abroad. In Japan, we had approximately 1,100 branches and offices as of 31 March 2017. As of the same date, we had the largest overseas network among Japanese banks, consisting of approximately 1,200 branches and other offices, including those of MUFG Union Bank, N.A. ("MUB"), our primary operating subsidiary in the United States, Bank of Ayudhya Public Company Limited ("Krungsri"), our primary operating subsidiary in Thailand, and other subsidiaries, in over 50 countries.

Our Funding and Business Strategies

We are taking pro-active steps to adjust our funding strategy to meet the requirements expected due to the future implementation of TLAC regulations in Japan.

We have been designated as a global systemically important bank ("G-SIB") by the Financial Stability Board (the "FSB") and the Basel Committee on Banking Supervision, and further by the Financial Services Agency of Japan (the "FSA") based on international agreements pursuant to the Basel III G-SIB capital surcharge rules. The relevant rules took effect in Japan on 31 March 2016 and are being phased in through 2019. In November 2015, as part of its agenda to address risks arising from G-SIBs, the FSB published its final TLAC standard for G-SIBs. The FSB TLAC standard seeks to ensure that a G-SIB will have sufficient loss-absorbing and recapitalization capacity available if it fails and that it can be resolved in an orderly manner so as to minimize the potential impact on financial stability, maintain the continuity of critical functions and avoid exposing public funds to loss. The FSB's TLAC standard defines certain minimum requirements for instruments and liabilities subject to loss absorption for G-SIBs in resolution, including a minimum external TLAC. The FSB's TLAC standard is subject to regulatory implementation in Japan. In April 2016, the FSA published an explanatory paper outlining its approach for the introduction of the TLAC framework in Japan, pursuant to which the FSA plans to require bank holding companies of G-SIBs in Japan to meet the minimum external TLAC requirements under the FSB's TLAC standard mainly through amendments to the existing laws and regulations relating to capital adequacy requirements applicable to bank holding companies in Japan. Although the FSA's approach remains subject to change in line with ongoing international discussions, we are preparing to satisfy such requirements in advance of implementation by issuing senior debt securities as a bank holding company. Although there are many relevant regulatory and market factors that remain subject to change, based on our current estimate, we will need to continue to issue TLAC eligible instruments, to meet the anticipated minimum external TLAC requirement. See "Item 4B. Business Overview—Supervision and Regulation—Japan—Total Loss-Absorbing Capacity" in the 2017 Form 20-F and "Risk Factors—Factors which are material

for the purpose of assessing the risks associated with Notes issued under the Programme—Risks Related to the Unsubordinated Notes issued by MUFG—Japanese regulations relating to external TLAC have not yet been finalised" in the Base Prospectus.

Under the FSA's approach, as a Japanese banking group subject to the FSB TLAC standard, we expect to be subject to a Single Point of Entry ("SPE") resolution regime where resolution powers are applied to the top-level entity of a banking group by a single national resolution authority. In addition to the external TLAC requirements to be applied at the bank holding company level, a key element of the effectiveness of the SPE resolution regime is to require the bank holding company of a G-SIB in Japan to cause its material subsidiaries or material sub-groups that are designated as systemically important by the FSA to maintain a certain level of capital and debt recognized as having loss-absorbing and recapitalization capacity ("**internal TLAC**"). Under the FSA's approach, when we, as a bank holding company, become subject to the TLAC requirements, we may need to restructure loans to, and investments in, our material subsidiaries or material sub-groups to meet such internal TLAC requirements. Upon implementation of the applicable TLAC requirements for G-SIBs in Japan, we expect Unsubordinated Notes issued by MUFG to qualify as external TLAC due in part to their structural subordination to the liabilities of our subsidiaries, including our regulated banking subsidiaries. We intend to use the proceeds from the sale of Unsubordinated Notes to fund our operations and the operations of our operating subsidiaries. See "Use of Proceeds" in the Base Prospectus.

In light of the currently anticipated TLAC regulations in Japan under the FSA's approach, including the expected SPE resolution strategy, we expect that MUFG, as the group holding company, will become the primary funding entity for the issuance of TLAC eligible debt securities, while BTMU, MUTB, MUSHD and other subsidiaries will continue to issue certain unsecured bonds, structured bonds and collateralized bonds which will not carry TLAC eligibility or will be denominated in currencies other than U.S. dollars, yen and euro.

We intend to access capital markets both domestically and overseas in order to achieve the best capital mix, including for refinancing with a view to maintaining sufficient Additional Tier 1 and Tier 2 capital, as contemplated by the Basel III capital standard, as well as satisfying the anticipated minimum TLAC requirement.

There are multiple measures that may be implemented, including measures in response to a financial crisis, before a financial institution reaches a point of non-viability, such as limitations or restrictions on capital distributions, prompt corrective action, provision of financial liquidity and capital injection. As of 30 June 2017, our Common Equity Tier 1 ratio, which is calculated based on financial information prepared in accordance with Japanese GAAP, was 11.92%. Based on our Common Equity Tier 1 capital as of 30 June 2017, excluding the impact of net unrealized gains on securities available for sale, we estimate that our Common Equity Tier 1 capital ratio would be 9.7% under the Japanese regulatory capital standard that is expected to be applicable to us as of 31 March 2019. As of 30 June 2017, MUFG's consolidated liquidity coverage ratio was 140.9%. This is calculated as the three-month average of the daily liquidity coverage ratio for the three months ended 30 June 2017, that is calculated by dividing the balance of high-quality liquid assets by the amount of total net cash flows on a daily basis for the same three months.

Under the current Japanese laws and regulations, we are required to maintain a recovery plan and, if our financial condition or liquidity deteriorates to trigger levels specified in the recovery plan, we will implement the recovery plan to restore our financial strength and viability. In addition, if our Common Equity Tier 1 ratio declines below the required minimum level, then we will become subject to restrictions on capital distributions and further to prompt corrective action under the banking regulations, and if our Common Equity Tier 1 ratio declines below 5.125%, then our Additional Tier 1 instruments will become subject to loss absorption. According to the FSA's approach for the introduction of the TLAC framework in Japan published in April 2016, when our financial condition further deteriorates to a point where our liabilities exceed, or are deemed likely to exceed, our assets, or where we have suspended, or are deemed likely to suspend, payments on our obligations, as a result of loans extended by us to, or investments made by us in, any of our material subsidiaries being subject to loss absorption prior to the failure of such material subsidiaries, and, if our failure may cause a significant disruption to the financial market or system in Japan, measures under the Japanese statutory orderly resolution regime may be applied to us. The application of such measures will result in our then outstanding Additional Tier 1 instruments and Tier 2 instruments becoming subject to loss absorption, and will likely lead to a transfer of certain assets, including shares of our material subsidiaries, and liabilities to a bridge financial institution established by the Deposit Insurance Corporation of Japan and subsequent liquidation of our remaining assets and liabilities which are expected to include the TLAC-eligible senior debt securities including Unsubordinated Notes issued by MUFG. During the liquidation process, Unsubordinated Notes will participate in the liquidation of any residual assets of MUFG in priority to our Basel II Tier 1 instruments. We intend to further strengthen our capital structure. See "Item 4B. Business Overview—Supervision and Regulation—Japan" in the 2017 Form 20-F.

We have taken measures to enhance our financial soundness.

Our primary funding source for loans is deposits. We have maintained a low loan-to-deposit ratio, which we believe allows us to secure higher liquidity and a sound balance sheet. As of 30 June 2017, on a Japanese GAAP basis, our total loans in the banking account and the trust account were ¥108.7 trillion, consisting of ¥43.9 trillion of domestic corporate loans, ¥15.6 trillion of domestic housing loans, ¥4.0 trillion of loans to Japanese government institutions, ¥1.5 trillion of other domestic loans, and ¥43.5 trillion of overseas loans. As of the same date, on a Japanese GAAP basis, our total deposits were ¥171.5 trillion, consisting of ¥74.3 trillion of deposits from domestic individual customers, ¥59.7 trillion of deposits from domestic corporate customers and ¥37.4 trillion of deposits from overseas and other customers. On a U.S. GAAP basis, as of 31 March 2017, our total net loans were ¥117.0 trillion, and our total deposits were ¥190.4 trillion.

The average balance of domestic corporate loans under Japanese GAAP, excluding loans to government institutions, on a managerial accounting basis, has increased in recent periods. The average balance of overseas loans under Japanese GAAP on a managerial accounting basis and applying our internal fixed exchange rate to measure the progress of our current medium term business plan has also been on a generally increasing trend in recent periods.

Our risk-monitored loan ratio, or the ratio of our total risk-monitored loans, as classified under Japanese banking regulations, to our total loans and bills discounted in the banking account on a Japanese GAAP basis, has declined to below 1.5% in recent periods, reflecting our disciplined approach to risk management. We have recently reduced our risk-monitored loans, as classified under Japanese banking regulations, to domestic borrowers, although our risk-monitored loans to overseas borrowers have increased. Our credit costs, net of gains on loans written off, on a Japanese GAAP basis, were ¥155.3 billion for the fiscal year ended 31 March 2017 and ¥20.0 billion for the three months ended 30 June 2017.

On a Japanese GAAP basis, 38.5% of our available-for-sale securities with fair value consisted of Japanese government bonds as of 30 June 2017. On a U.S. GAAP basis, the ratio of our holdings of available-for-sale Japanese government bonds to our total investment securities was 59.7% as of 31 March 2017. We manage the maturity profile of our holding of Japanese government bonds as part of our asset and liability management measures. On a Japanese GAAP basis, of the simple sum of the available-for-sale and held-to-maturity Japanese government bonds held by BTMU on a non-consolidated basis and MUTB on a non-consolidated basis, as of 30 June 2017, ¥11.0 trillion had maturities within one year, ¥6.6 trillion had maturities between one year and five years, ¥2.6 trillion had maturities between five years and ten years, and ¥1.8 trillion had maturities longer than ten years, with the average remaining maturity of such available-for-sale Japanese government bonds being 2.8 years as of the same date. On a Japanese GAAP basis, 37.3% of our available-for-sale securities with fair value consisted of foreign bonds as of 30 June 2017. Given the significance of our bond holdings to the overall portfolio, we intend to manage interest rate risk in a flexible manner in response to changes in the market environment. For the maturities of our holdings of Japanese government bonds on a U.S. GAAP basis, see the 2017 Form 20-F.

We have recently reduced our holdings of domestic equity securities, and the ratio of our equity holdings on an acquisition price basis under Japanese GAAP to our Basel III Tier 1 capital declined from 22.8% as of 31 March 2014 to 16.2% as of 30 June 2017. We have set a basic policy to reduce such equity holdings to approximately 10% of our Tier 1 capital over the five-year period ending 31 March, 2021, in light of the investment risk, our aim to enhance capital efficiency and developments in global financial regulation. As we reduce these equity holdings, there are two important considerations. First, we must consider the economic rationale for maintaining equity stakes in customers. Second, even where there is sufficient economic rationale, we may decide to sell equity holdings in accordance with our basic risk reduction policy, taking into account market conditions, the business environment and our financial strategy. We expect a further reduction in our equity holdings will contribute to enhancing our capital ratios.

We have achieved a sustainable earnings trend supported by our basic policy and strategies despite the current low interest rate environment.

Interest rates remain at historically low levels, particularly in Japan, where the Bank of Japan adopted a "quantitative and qualitative monetary easing with negative interest rates" policy in February 2016. Under this policy, the Bank of Japan maintained its policy to increase its aggregate holding of Japanese government bonds by approximately ¥80 trillion each year and applied a negative interest rate of minus 0.1% to "Policy-Rate Balances," which are a part of current account amounts held by financial institutions at the Bank of Japan, aiming to achieve a price stability target of 2%. In September 2016, the Bank of Japan announced a new "quantitative and qualitative monetary easing with yield curve control" policy, adding to its monetary policy a Japanese government bond purchase program intended to keep the yield of 10-year Japanese government bonds

around zero percent. In this interest rate environment, the domestic loan-deposit interest rate spread of BTMU and MUTB combined on a simple sum basis based on their respective non-consolidated managerial accounting data, excluding loans to government institutions and domestic non-Japanese yen denominated lending, declined to 0.86% for the three months ended 30 June 2017. The domestic lending spreads on loans to large corporations and loans to small and medium-sized enterprises of BTMU and MUTB combined on a simple sum basis were 0.45% and 0.63%, respectively, for the three months ended 31 March 2017.

The lending spread on our overseas loans, excluding loans booked at MUB and Krungsri, on a managerial accounting basis, has declined to below 1% in recent periods. Interest rates in overseas markets also remained low, although there have recently been developments that could cause them to rise, including the increases in the FRB's target range for the U.S. federal funds rate first to between 0.5% to 0.75% in December 2016, then to between 0.75% to 1.00% in March 2017, and most recently to between 1.00% to 1.25% in June 2017. We seek to implement measures to mitigate the impact of the extremely low domestic interest environment on our results of operations, which may include those designed to expand our business particularly in the Americas and Southeast Asia and diversify our business portfolio in the domestic and overseas markets. However, our efforts to expand our business, especially through expansion of business in the United States and other markets, may not be effective or feasible due to monetary policies in those markets, operational limitations, regulatory restrictions, or other reasons.

Despite the negative impact of declining lending spreads on our results of operations, we have achieved a sustainable earnings trend in recent periods. Our profits attributable to owners of parent on a Japanese GAAP basis were ¥926.4 billion for the fiscal year ended 31 March 2017. For the three months ended 30 June 2017, our profits attributable to owners of parent on a Japanese GAAP basis were ¥289.0 billion, to which BTMU and MUTB, each on a stand-alone basis, contributed 45% and 22%, and MUFG Americas Holding Corporation ("MUAH"), on a consolidated basis contributed 8%, while each of MUSHD and Krungsri on a consolidated basis contributed around 5%. On a U.S. GAAP basis, we recorded net income attributable to Mitsubishi UFJ Financial Group of ¥202.7 billion for the fiscal year ended 31 March 2017.

Our consolidated expense ratio, or the ratio of general and administrative expenses to gross profits before credit costs for trust accounts, for the fiscal year ended 31 March 2017 and the three months ended 30 June 2017, on a Japanese GAAP basis, was 64.6% and 65.2% respectively. For the fiscal year ended 31 March 2017, the expense ratio of BTMU and MUTB, based on the simple sums of non-consolidated general and administrative expenses and gross profits of BTMU and MUTB under Japanese GAAP, was 61.2%. In order to respond to regulatory capital and TLAC requirements while enhancing our operating efficiency, we plan to pursue the optimal capital mix and continue to improve productivity.

Assets:

Loans	U.S.\$346
Investment securities	89
Interbank market operations	56
Others	43

Liabilities:

Customer deposits (including deposits from central banks)	229
Mid-to long-term funding (including corporate bonds and currency swaps)	171
Interbank market operations (including repos)	73
Certificates of deposit/commercial paper	61

Customer deposits cover approximately 60%-70% of non-Japanese yen loans. To further increase deposits, we intend to enhance product development and sales capabilities. With mid-to long-term funding through corporate bond issuances and currency swaps, all non-Japanese yen loans are fully funded. A special purpose company for holding non-Japanese yen liquid assets has been established as a buffer against the possibility of a severe funding situation due to temporary market stress.
